CHART A: ESTIMATED COSTS for 2004-2005

Figures for "Tuition and Fees" for 2004-2005 are fixed. However, costs for "books and supplies," "medical insurance," and "room, board, miscellaneous" are not fixed, but are based on averages experienced by our international students. "Room, board, miscellaneous" assumes a medium-level budget of $725/month, which covers room and board plus about $150/month extra for incidentals, long-distance phone calls, etc. ***Students may reduce or increase these "room, board, miscellaneous" costs by choosing more or less frugal arrangements and lifestyles. However, financial support documentation must cover the costs listed below for purposes of visa eligibility paperwork.***

"Academic Year" means the nine months of fall and spring semesters; specifically, this means the 17 weeks of the fall semester (August to December), the four weeks of winter vacation (December-January), and the17 weeks of spring semester (January to May). "Summer Session" includes eight weeks of classes (June-July) and two three-week vacation periods. The "Calendar Year" is 12 months, May to May.

Undergraduate Students
