Assistant Professor of Civil and Environmental Engineering (Water/Wastewater)

The Department of Civil and Environmental Engineering invites applications for a full-time, tenure-track assistant professor position in the area of environmental engineering. Applicants must have a demonstrated interest in engineering education and an ability to teach a variety of introductory and upper level environmental engineering courses, including courses in water treatment, wastewater treatment, and unit operations. Applicants will be expected to develop an externally funded research program and to participate in other scholarly activities. Professional Engineering (PE) registration or significant progress towards licensure (FE) is desired. The applicant must possess a bachelor's degree in engineering and a doctoral degree in Environmental Engineering, or a closely related field. It is preferred that applicants possess consulting or industrial experience, and experience with contemporary environmental engineering software packages. Demonstration of proficiency in written and spoken English language is required. Opportunities exist for research collaboration with several campus departments, campus research centers, and with nearby national laboratories. United States citizenship may be required to collaborate with certain research entities. The successful candidate will start at New Mexico Tech in August of 2022.

The Department of Civil and Environmental Engineering currently has five faculty and offers a BS in both Civil and Environmental Engineering and a MS degree in Civil and Environmental Engineering with Areas of Specialization in Civil Engineering or Environmental Engineering.

For best consideration, please apply by February 15, 2022. Candidates must complete an online application and electronically attach a **single PDF document**, incorporating all of the following: cover letter highlighting expertise and experience most suited to the position; curriculum vitae (CV); statement of research interests and approach; statement of teaching interests; and list of three to five professional references. Materials should be sent to nmtjobapps@npe.nmt.edu c/o Rosa Jaramillo and copied to the search committee chair, Dr. Christian Carrico (kip.carrico@nmt.edu), with "CEE2022" in the e-mail subject line. Inquiries may also be directed to Dr. Clint Richardson (clinton.richardson@nmt.edu). Please do not send the application directly to the Department of Civil and Environmental Engineering.

NMT is committed to creating a community in which a diverse population can learn, live, and work in an atmosphere of tolerance, civility and respect for the rights and sensibilities of each individual. NMT is an Equal Opportunity Employer.

Excellent benefits (health, vision, dental), tuition fee waiver, and a generous retirement plan.

New Mexico Tech is located in Socorro, in the scenic Rio Grande River Valley of central New Mexico, 75 miles south of Albuquerque with its many attractions, and 139 miles south of Santa Fe. Nearby mountains and desert canyons provide opportunities for excellent hiking, climbing, and mountain biking. The Bosque del Apache National Wildlife Refuge, located just south of Socorro along a major north-south flyway, offers some of the best birding in the USA.
