POSTDOCTORAL RESEARCH FELLOW

The Department of Computer Science and Engineering at New Mexico Institute of Mining and Technology (New Mexico Tech) is seeking a Postdoctoral Research Fellow in the area of security and privacy of cyber-physical systems.

Position Description:

The successful candidate should possess a Ph.D. degree in Computer Science, Computer Engineering, Electrical Engineering or other closely related areas with a strong research background in cybersecurity, preferred in security and privacy of cyber-physical systems such as smart grids and industrial control systems. The candidate should have a proven record in conducting high quality research, strong oral and written communication skills in English, excellent computer programming skills, desire to collaborate with other researchers, and mentor graduate and undergraduate students. Experiences in grant proposal writing is a plus.

The position is for 12 months and can be extended based on performance. The position will be paid at \$52K/year with benefits.

Interested applicants should email a cover letter, detailed CV, transcript(s), representative publications, and contact information of 2-3 references all into one attachment to Dr. Jun Zheng (jun.zheng@nmt.edu) & Ms. Rosa Jaramillo (nmtjobapps@npe.nmt.edu). Review of applicants will continue until the position is filled.

Apply to: nmtjobapps@npe.nmt.edu OR NMT/ HR 801 Leroy Place Brown Hall Box 016, Socorro, NM 87801
