## Nationwide provider access at a discount.

When you and your family seek healthcare services, you have access to Aetna's broad national PPO network of healthcare providers and facilities. Aetna's network contains more than 850,000 participating physicians and ancillary providers, with 6,900 hospitals. When you visit providers in the Aetna network, you will receive services at strong, negotiated rates, helping you to save on the cost of healthcare.

## Additional Aetna healthcare services.

Through access to the Aetna network, you also gain the benefit of Aetna's specialty programs, including dialysis, lab services and transplant services.

## Locate your preferred providers.

With Aetna's comprehensive provider participation, many of your preferred doctors may already be in the Aetna network. To verify whether or not a doctor or healthcare facility participates, visit <http://www.aetna.com/docfind/custom/mymeritain/>.
