I. Purpose and Scope

A. Introduction

Members of the New Mexico Tech Campus Police Department will protect the rights of all persons, regardless of race, color, creed, ethnicity, gender, age, sexual orientation, disability, religion, or any other belief system. All persons will be free to walk and drive the streets and other public places on and about the NMT campus without law enforcement interference so long as they are law abiding in their actions and behaviors.

This policy serves to:

1. Reaffirm the commitment of the NMT Campus Police Department to unbiased law enforcement practices.
2. Further clarify the circumstances in which officers may consider race or ethnicity when making enforcement decisions.
3. Reinforce procedures that assure the public that the NMT Campus Police Department is providing service and enforcing laws in an equitable manner.
This policy further serves to:
Unequivocally state that the NMT Campus Police Department will not tolerate or condone law enforcement activities that are the result of biased-based profiling, which is unethical and illegal, and serves to foster distrust of law enforcement by the NMT community we serve.

II. Policy

NMT University is an organization of higher education composed of a diverse population of students, faculty staff and visitors. It is the police of NMT University Police Department to provide an equal and professional delivery of services to this diverse population regardless of perceived or actual race, ethnicity, gender, sexual orientation, religion national origin, of socio-economic status. Our department will avoid racial profiling and/or bias-based policing. Any act deemed to be such is strictly prohibited. Campus Police Department that officer base pedestrian and motor vehicle stops, detentions, investigative activities, searches, property seizures, or arrests of a person upon a standard of reasonable suspicion or probable cause in compliance with the Fourth Amendment of the U.S. Constitution.

III. Definitions

A. A standard of Reasonable Suspicion “identifies a suspicion based on facts or circumstances which of themselves do not give rise to the probable cause requisite to justify a lawful arrest, but which give rise to more than a bare suspicion; that is, a suspicion that is reasonable as opposed to an imaginary or purely conjectural suspicion.”

B. Biased Law Enforcement is the practice of a law enforcement officer relying on age, race, color, creed, disability, ethnicity, gender, national origin, sexual orientation, religion, any other belief system, and/or any other individual attribute other than a standard of reasonable suspicion or probable cause in the selection of persons to subject to routine pedestrian or motor vehicle stops, detentions, and investigative activity or arrest.

C. Unbiased Law Enforcement is the practice of a law enforcement officer relying solely on a standard of reasonable suspicion, probable cause, or “…taking account the reported race or ethnicity of a specific subject(s) based on [reliable], locally relevant information that links a person(s) of a specific race or ethnicity to a particular unlawful incident(s)…”

1. Example#1- Stopping a person and doing a pat down on the belief that a person of a particular race, ethnicity or national origin is more likely to possess contraband.

IV. Training Guidelines

A. All investigative detentions, traffic stops, arrests, searches, and seizures of property by members of the NMT Campus Police Department will be based on a standard of reasonable suspicion or probable cause as required by the Fourth Amendment of the United States Constitution and statutory authority. Officers must be able to articulate specific facts, circumstances and conclusions which support probable cause or reasonable suspicion for an arrest, traffic stop, or investigative detention.
B. Officers may take into account the reported race, ethnicity, or national origin of a specific suspect or suspects based on credible, reliable, locally-relevant information that links a person of a specific series of crimes in an area to a group of individuals of a particular ethnicity.
   a. The criteria of locally-relevant require that the information linking race to crime be based on local conditions. That is, officers could not rely on widely held stereotypes or even the fact that in many areas of the country a certain race is linked to a certain crime. Officers must have information that supports the link between race and specific criminal activity in their area.
C. Except as provided in section B above, officers shall not consider race, ethnicity, or national origin in establishing either reasonable suspicion or probable cause.
D. In an effort to prevent inappropriate perceptions of biased law enforcement, members of the NMT Campus Police Department shall utilize the following strategies when conducting pedestrian and vehicle stops:
   1. Be courteous, polite, and professional.
   2. Introduce him/herself, providing name and agency name, and explain to the citizen the reason for the stop as soon as practical, unless providing this information will compromise the safety of officers or other persons. In vehicle stops, provide this information before asking the driver for his/her license and registration.
   3. The following dialogue will be utilized by officers of this agency to minimize conflict during all stops:

   Officer Greeting: Good morning, afternoon, or evening.

   Officer ID: I am Officer _____ of the NMT Campus Police Department.

   Ask for items required: May I please see your driver’s license, registration, and proof of motor vehicle insurance?

   Reasoning: I stopped you because... _______.

   Listen politely and give the accused the opportunity to tell their story.

   Complete paperwork and advise driver or pedestrian as to what action is being taken and what, if anything, the person must do as a result.

   Closing: Please drive safely or thank you for your cooperation.

   Make sure the driver is able to merge safely back into traffic.

   4. Appropriate enforcement action should always be completed and documented, generally in the form of a warning, citation, field interrogation card or an arrest. Officers are to ensure that the names of persons stopped and detained, even for a warning, are called into the Communication Center for inclusion in the dispatch log.

   5. Ensure that the length of the detention is no longer than necessary to take appropriate action for the known or suspected offense.
6. Answer any questions the individual may have, including explaining options for the disposition of the traffic citation, if relevant.
7. Provide his or her name and badge number when requested to do so, in writing or on a business card.
8. Officers shall provide an explanation to the person detained if it is determined that the reasonable suspicions were unfounded; e.g., after a BOLO (be on the look out) stop.
9. The deliberate recording of any misleading information related to the actual or perceived race, ethnicity, gender, or sexual orientation of a person stopped for investigative or enforcement purposes is prohibited, and is a cause for disciplinary action consistent with departmental policy.
