The Academic Center for Technology maintains all academic technology found in classrooms and online, operates Tech's Distance Education Department, and handles a wide range of video capture requests and event-related technical support.

WHAT IS ACT?

DISTANCE EDUCATION

New Mexico Tech's Distance Education program provides live, web-based courses that allow distance students to participate via video and audio with instructors and other students from anywhere in the world.

CLASSROOMS

Most Tech classrooms are equipped to enable live multi-video webcasts for Distance Education and guest speakers. Lists of rooms, details at act.nmt.edu/classrooms.

LEARN.NMT.EDU

The Canvas learning management system is used by most faculty to deliver course content. Log in with your Tech ID as login and birthdate (yyyy-mm-dd) as password.

LECTURE CAPTURE

Most classrooms are equipped for this service; contact us to set it up.

SPECIAL EVENTS

- Live and recorded webcasts for commencement, seminars, thesis defenses, academic department meetings, staff training sessions and more.
