The Canvas Learning Management System is available at no charge to all New Mexico Tech faculty for use in any capacity. Additionally, Canvas may be used by staff for professional development and by student groups for communication and collaboration.

Students LOVE Canvas and the majority of New Mexico Tech Teachers use Canvas, as do the majority of higher education institutions in New Mexico. Canvas is adopted faster and deeper than any other LMS with an active community of users and a responsive support and development team.

Use Canvas to:

- **Supplement** face to face courses or deliver entire courses online
- **Communicate** with students via: Canvas “Email”, Chat and Live Audio/Video Conferencing
- **Deliver** course content: assignments, quizzes, reading materials, websites, multimedia, etc.
- **Maintain** a gradebook: weight assignment groups, student what-if grade scenarios, etc.
- **Organize** online assignment submissions: Speed Grader, annotation tools, rubrics, etc.
- **Track** learning outcomes and generate student analytics and reports
- **Repurpose** online course content & structure for subsequent offerings

Contact Richard Helbock for a personalized or group training session or for any of your Canvas support needs at 575-835-5511 or richard.helbock@nmt.edu or stop by Cramer Hall, Room 132C.
