ESTABLISHMENT OF THE PLAN

New Mexico Institute of Mining & Technology (the “Employer” or the “Plan Sponsor”) has adopted this amended and restated Plan Document and Summary Plan Description effective as of January 1, 2017, for the New Mexico Institute of Mining & Technology Health Benefit Plan (hereinafter referred to as the “Plan” or “Summary Plan Description”), as set forth herein for the exclusive benefit of its Employees and their eligible Dependents. The Plan was originally adopted by the Plan Sponsor effective as of September 1, 1993.

Purpose of the Plan
The Plan Sponsor has established the Plan for your benefit and for the benefit of your eligible Dependents, on the terms and conditions described herein. The Plan Sponsor’s purpose in establishing the Plan is to help to protect you and your family by offsetting some of the financial problems that may arise from an Injury or Illness. To accomplish this purpose, the Plan Sponsor must attempt to control health care costs through effective plan design and the Plan Administrator must abide by the terms of the Plan Document and Summary Plan Description, to allow the Plan Sponsor to allocate the resources available to help those individuals participating in the Plan to manage their healthcare costs.

The Plan is not a contract of employment between you and your Employer and does not give you the right to be retained in the service of your Employer.

The purpose of this Plan is to set forth the terms and provisions of the Plan that provide for the payment or reimbursement of all or a portion of certain health care expenses. This Plan is maintained by the Plan Administrator and may be inspected at any time during normal working hours by you or your eligible Dependents.

Adoption of this Plan Document and Summary Plan Description
The Plan Sponsor, as the settlor of the Plan, hereby adopts this Plan Document and Summary Plan Description (SPD) as the written description of the Plan. This Plan represents both the Plan Document and the Summary Plan Description. This Plan Document and SPD amends and replaces any prior statement of the health care coverage contained in the Plan or any predecessor to the Plan.

IN WITNESS WHEREOF, the Plan Sponsor has caused this Plan Document and Summary Plan Description to be executed as of the date set forth below.

The Plan Administrator has entered into an agreement with Aetna PPO (the “Network”). This Network offers you health care services at discounted rates. Using a Network provider will normally result in a lower cost to the Plan as well as a lower cost to you. There is no requirement for anyone to seek care from a provider who participates in the Network. The choice of provider is entirely up to you.

**Non-Participating Provider Exceptions**

Covered services rendered by a Non-Participating Provider will be paid at the Participating Provider level when a:

1. Covered Person has an Emergency Medical Condition requiring immediate care.
2. Covered Person receives services by a Non-Participating Provider (e.g. anesthesiologists, radiologists, pathologists, etc.) who is under agreement with a Network facility.
3. Covered Person incurs Covered Expenses at the Bhasker Medical Clinic, Positive Outcomes, New Mexico Orthopedic Surgery Center, and the Mayo Clinic (Arizona location).
4. Covered Person incurs Covered Expenses outside the United States.

Not all Physicians, Dentists and vision care providers based in Network Hospitals or medical facilities are Participating Providers. It is important when you enter a Hospital or medical facility that you request that ALL Physician services be performed by Participating Providers. By doing this, you will always receive the greater Participating Provider level of benefits.

A current list of Participating Providers is available, without charge, through the Third Party Administrator at www.meritain.com. If you do not have access to a computer at your home, you may contact your Employer or the Network at the phone number on the Employee identification card to obtain a paper copy of the Participating Providers available.

You have a free choice of any provider and you, together with your provider, are ultimately responsible for determining the appropriate course of medical treatment, regardless of whether the Plan will pay for all or a portion of the cost of such care. The Participating Providers are independent contractors; neither the Plan nor the Plan Administrator makes any warranty as to the quality of care that may be rendered by any Participating Provider.

**Costs**

You must pay for a certain portion of the cost of Covered Expenses under the Plan, including (as applicable) any Copay, Deductible and Coinsurance percentage that is not paid by the Plan, up to the Out-of-Pocket Maximum set by the Plan.

**Coinsurance**

Coinsurance is the percentage of eligible expenses the Plan and the Covered Person are required to pay. The amount of Coinsurance a Covered Person is required to pay is the difference from what the Plan pays as shown in the Medical Schedule of Benefits.

There may be differences in the Coinsurance percentage payable by the Plan depending upon whether you are using a Participating Provider or a Non-Participating Provider. These payment levels are also shown in the Medical Schedule of Benefits.

**Copay**

A Copay is the portion of the medical expense that is your responsibility, as shown in the Medical Schedule of Benefits. A Copay is applied for each occurrence of such covered medical service and is not applied toward satisfaction of the Deductible.
Deductible
A Deductible is the total amount of eligible expenses as shown in the Schedule of Benefits, which must be Incurred by you during any Calendar Year before Covered Expenses are payable under the Plan. The family Deductible maximum, as shown in the Schedule of Benefits, is the maximum amount which must be Incurred by the covered family members during a Calendar Year. However, each individual in a family is not required to contribute more than one individual Deductible amount to a family Deductible.

Out-of-Pocket Maximum
An Out-of-Pocket Maximum is the maximum amount you and/or all of your family members will pay for eligible expenses Incurred during a Calendar Year before the percentage payable under the Plan increases to 100%.

The single Out-of-Pocket Maximum applies to a Covered Person with single coverage. When a Covered Person reaches his or her Out-of-Pocket Maximum, the Plan will pay 100% of additional eligible expenses for that individual during the remainder of that Calendar Year.

The family Out-of-Pocket Maximum applies collectively to all Covered Persons in the same family. The family Out-of-Pocket Maximum, if applicable, is the maximum amount that must be satisfied by covered family members during a Calendar Year. The entire family Out-of-Pocket Maximum must be satisfied; however each individual in a family is not required to contribute more than the single Out-of-Pocket amount to the family Out-of-Pocket Maximum before the Plan will pay 100% of Covered Expenses for any Covered Person in the family during the remainder of that Calendar Year.

Your Out-of-Pocket Maximum may be higher for Non-Participating Providers than for Participating Providers. Please note, however, that not all Covered Expenses are eligible to accumulate toward your Out-of-Pocket Maximum. The types of expenses, which are not eligible to accumulate toward your Out-of-Pocket Maximum, (“non-accumulating expenses”) include:

1. Dental and vision benefits, other than those dental and vision expenses paid under the major medical component of the Plan.
2. Charges this Plan does not cover.
3. Charges over Usual and Customary Charges for Non-Participating Providers.

Reimbursement for these non-accumulating expenses will continue at the percentage payable shown in the Medical Schedule of Benefits, subject to the Plan maximums.

The Plan will not reimburse any expense that is not a Covered Expense. In addition, you must pay any expenses to which you have agreed that are in excess of the Usual and Customary Charges for Non-Participating Providers. This could result in you having to pay a significant portion of your claim. None of these amounts will accumulate toward your Out-of-Pocket Maximum.

Once you have paid the Out-of-Pocket Maximum for eligible expenses Incurred during a Calendar Year, the Plan will reimburse additional eligible expenses Incurred during that year at 100%.

If you have any questions about whether an expense is a Covered Expense or whether it is eligible for accumulation toward your Out-of-Pocket Maximum, please contact your Plan Administrator for assistance.

Integration of Deductibles and Out-of-Pocket Maximums
If you use a combination of Participating Providers and Non-Participating Providers, your total Deductible amount and Out-of-Pocket Maximum amount required to be paid will not exceed the amount shown for Non-Participating Providers. In other words, the amount of the Deductible expense and Out-of-Pocket Maximum you pay for both Participating Providers and Non-Participating Providers will be combined and the total will not exceed the amount shown for Non-Participating Providers during a single Calendar Year.
Non-Essential Health Benefits

Essential Health Benefit has the meaning found in section 1302(b) of the Patient Protection and Affordable Care Act and as may be further defined by the Secretary of the United States Department of Health and Human Services. Essential Health Benefits includes the following general categories and the items and services covered within such categories: ambulatory patient services; Emergency Services; hospitalization; maternity and newborn care; mental health and substance use disorder services (including behavioral health treatment); Prescription Drugs; rehabilitative and habilitative services and devices; laboratory service; preventive and wellness services and chronic disease management; and pediatric services, including oral and vision care.

The Plan considers the following items or services to be non-Essential Health Benefits:

1. Temporomandibular joint dysfunction

2. Weight loss treatment
MEDICAL MANAGEMENT PROGRAM

You, your eligible Dependents or a representative acting on your behalf, must call the Medical Management Program Administrator to receive certification of Inpatient admissions (other than admissions for an Emergency Medical Condition), as well as other non-Emergency Services listed below. This call must be made at least 48 hours in advance of Inpatient admissions or receipt of the non-Emergency Services listed below. If the Inpatient admission is with respect to an Emergency Medical Condition, you must notify the Medical Management Program Administrator within 48 hours or if later, by the next business day after the Emergency Medical Condition admission. Failure to obtain precertification or notify the Medical Management Program Administrator within the time frame indicated above may result in eligible expenses being reduced or denied. Please refer to the penalty section below.

Medical Management is a program designed to help ensure that you and your eligible Dependents receive necessary and appropriate healthcare while avoiding unnecessary expenses. The program consists of:

Medical Management Does Not Guarantee Payment
All benefits/payments are subject to the patient’s eligibility for benefits under the Plan. For benefit payment, services rendered must be considered an eligible expense under the Plan and are subject to all other provisions of the Plan.

This program is not designed to be the practice of medicine or to be a substitute for the medical judgment of the attending Physician or other healthcare provider.

How the Program Works

Precertification
Before you or your eligible Dependents are admitted to a medical facility or receive items or services that require precertification on a non-Emergency Medical Condition basis (that is an Emergency Medical Condition is not involved), the Medical Management Program Administrator will, based on clinical information from the provider or facility, certify the care according to the Medical Management Program Administrator’s policies and procedures.

The Medical Management Program is set in motion by a telephone call from you, the patient or a representative acting on your behalf or on behalf of the patient.

To allow for adequate processing of the request, contact the Medical Management Program Administrator at least 48 hours before receiving any item or service that requires precertification or an Inpatient admission for a Non-Emergency Medical Condition with the following information:

(1) Name, identification number and date of birth of the patient;
(2) The relationship of the patient to the covered Employee;
(3) Name, identification number, address and telephone number of the covered Employee;
(4) Name of Employer and group number;
(5) Name, address, Tax ID # and telephone number of the admitting Physician;
(6) Name, address, Tax ID # and telephone number of the medical facility with the proposed date of admission and proposed length of stay;
(7) Proposed treatment plan; and
(8) Diagnosis and/or admitting diagnosis.

If there is an Inpatient admission with respect to an Emergency Medical Condition, you, the patient or a representative acting on your behalf or on behalf of the patient, including, but not limited to, the Hospital or admitting Physician, must contact the Medical Management Program Administrator within 48 hours after the start of the confinement or on the next business day, whichever is later.
Hospital stays in connection with childbirth for either the mother or newborn may not be less than 48 hours following a vaginal delivery or 96 hours following a cesarean section. These requirements can only be waived by the attending Physician in consultation with the mother.

You, the patient and the providers are NOT REQUIRED to obtain precertification for a maternity delivery admission, unless the stay extends past the applicable 48- or 96-hour stay. A Hospital stay begins at the time of delivery or for deliveries outside the Hospital, the time the newborn or mother is admitted to a Hospital following birth, in connection with childbirth. If a newborn remains hospitalized beyond the time frames specified above, the confinement must be precertified with the Medical Management Program Administrator or a penalty will be applied.

The Medical Management Program Administrator, in coordination with the facility and/or provider, will make a determination on the number of days certified based on the Medical Management Program Administrator’s policies, procedures and guidelines. If the confinement will last longer than the number of days certified, a representative of the Physician or the facility must call the Medical Management Program Administrator before those extra days begin and obtain certification for the additional time. If the additional days are not requested and certified, room and board expenses will not be payable for any days beyond those certified.

If the patient does not obtain precertification for their Inpatient admission at least 48 hours in advance of the admission or notify the Medical Management Program Administrator within 48 hours after an Emergency Medical Condition admission or if precertification is obtained or notification received outside the time frames specified, eligible expenses may be reduced or denied. Please refer to the penalty section below.

**Penalty**

If you fail to obtain precertification or fail to notify the Medical Management Program Administrator within the time periods described above, benefits under the Plan will be reduced as follows:

1. Covered Expenses will be reduced by $250 per occurrence.
2. Covered Expenses for any transplant related services will be reduced by 50%.

If the Plan's required review procedures are not followed, a retrospective review will be conducted by the Medical Management Program Administrator to determine if the services provided met all other Plan provisions and requirements. If the review concludes the services were Medically Necessary and would have been approved had the required phone call been made, benefits will be considered, subject to the penalty outlined above. However, any charges not deemed Medically Necessary will be denied.

**Concurrent Review, Discharge Planning**

Discharge planning needs is part of the Medical Management Program. The Medical Management Program Administrator will assist and coordinate the initial implementation of any services the patient will need post hospitalization with the attending Physician and the facility. If the attending Physician feels that it is Medically Necessary for a patient to stay in the medical care facility for a greater length of time than has been precertified, the attending Physician or the medical facility must request the additional service or days.

**Concurrent Inpatient Review**

Once the Inpatient setting has been precertified, the on-going review of the course of treatment becomes the focus of the program. Working directly with your Physician, the Medical Management Program Administrator will identify and approve the most appropriate and cost-effective setting for the treatment as it progresses.

**To File a Complaint or Request an Appeal to a Non-Certification**

Verbal appeal requests and information regarding the appeal process should be directed to the Medical Management Program Administrator as identified on the General Information page of this Plan.

**Case Management**

When a catastrophic condition, such as a spinal cord Injury, cancer, AIDS or a premature birth occurs, a person may require long-term, perhaps lifetime care. After the patient’s condition is diagnosed, the patient might need extensive services or might be able to be moved into another type of care setting, even to the patient’s home.
Case management is a program whereby a Case Manager contacts the patient to obtain consent for case management services. The Case Manager monitors the patient and explores, discusses and recommends coordinated and/or alternate types of appropriate medical care. The Case Manager consults with the patient, family and the attending Physician in order to develop a plan of care for approval by the patient’s attending Physician and the patient.

This plan of care may include some or all of the following:

1. Personal support to the patient;
2. Contacting the family to offer assistance and support;
3. Monitoring Hospital or skilled nursing care or home health care;
4. Determining alternative care options; and
5. Assisting in obtaining any necessary equipment and services.

Case management occurs when this alternate benefit will be beneficial to both the patient and the Plan.

The Case Manager will coordinate and implement the case management program by providing guidance and information on available resources and suggesting the most appropriate treatment plan. The Plan staff, attending Physician, patient and patient’s family must all agree to the alternate treatment plan.

Case management is a voluntary service. There are no reductions of benefits or penalties if the patient and family choose not to participate.

Each treatment plan is individually tailored to a specific patient and should not be seen as appropriate or recommended for any other patient, even one with the same diagnosis.

Medical Management will not interfere with your course of treatment or the Physician-patient relationship. All decisions regarding treatment and use of facilities will be yours and should be made independently of this Program.

The Medical Management Program Administrator contact information for this Plan is identified on the Employee identification card and also on the General Information page of this Plan.
HEALTHY MERITS PROGRAM

The Healthy Merits Program is a wellness benefit offered by the Employer to reduce the health risks of a Covered Person. The Healthy Merits Program is made up of several different components and is designed to provide a Covered Person with the tools and personal support they need to make positive lifestyle changes. Participation in this program is completely voluntary.

A Covered Person will receive program welcome materials via the Employer. The program welcome materials are an important part of the Healthy Merits Program; it explains this program in greater detail and contains additional requirements that may need to be satisfied to qualify under this program. If there are any discrepancies between the information contained in this Plan and the information contained in program welcome materials, the terms of the program welcome materials will govern.

Biometric Screening
The Employer has chosen to offer the biometric screening component of the Healthy Merits Program which includes a biometric evaluation of a Covered Person to determine health risk factors. The biometric evaluation consists of an on-site blood draw by a licensed phlebotomist for analysis of blood lipids, blood glucose and liver enzymes; a blood pressure reading; and a body mass index calculation.

Upon completion of the biometric evaluation, the Covered Person will receive a confidential, individual report that identifies any potential health risk factors and other valuable health information for making positive lifestyle changes. The information contained in this individual report provides general health information only and does not constitute medical advice. You should review this individual report with your health care provider.

NOTE: Participation is limited to Covered Persons that also participate in the medical Plan of the Employer.

**Diabetic Services**

If diabetic services and supplies are purchased through the mail order program, you will receive a 90-day supply at no cost mailed to your home address. These diabetic supplies include: meter, pen, lancets, test strips and alcohol swabs.

**Mandatory Generic Program**

The Plan requires that pharmacies dispense Generic Drugs when available. Should a Covered Person choose a Formulary or Non-Formulary Drug rather than the Generic equivalent, the Covered Person will be responsible for the cost difference between the Generic and Formulary or Non-Formulary Drug in addition to the Formulary or Non-Formulary Drug Copay, even if a DAW (Dispense As Written) is written by the prescribing Physician. The cost difference is not covered by the Plan and will not accumulate toward your Out-of-Pocket Maximum.
**Specialty Pharmacy Program**

Specialty drugs are high cost drugs used to treat chronic diseases, including, but not limited to: HIV/AIDS, Rheumatoid Arthritis, Cancer, Hepatitis, Hemophilia, Multiple Sclerosis, Infertility and Growth Hormone Deficiency. Specialty drugs must be obtained directly from the specialty pharmacy program. For additional information, please contact the Prescription Drug Card Program Administrator.

**Preventive Drug** means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:

If diabetic services and supplies are purchased through the mail order program, you will receive a 90-day supply at no cost mailed to your home address. These diabetic supplies include: meter, pen, lancets, test strips and alcohol swabs.

### Mandatory Generic Program

The Plan requires that pharmacies dispense Generic Drugs when available. **Specialty Pharmacy Program**

Specialty drugs are high cost drugs used to treat chronic diseases, including, but not limited to: HIV/Aids, Rheumatoid Arthritis, Cancer, Hepatitis, Hemophilia, Multiple Sclerosis, Infertility and Growth Hormone Deficiency. Specialty drugs must be obtained directly from the specialty pharmacy program. For additional information, please contact the Prescription Drug Card Program Administrator.

ELIGIBILITY FOR PARTICIPATION

Employee Eligibility
A Full-Time Employee of the Employer who regularly works 20 or more Hours of Service per week or a temporary Employee of the Employer who regularly works 30 or more Hours of Service per week will be eligible to enroll for coverage under this Plan as of the date he/she completes at least one Hour of Service with the Employer. Participation in the Plan will begin as of the first day of the month following the date he or she completes at least one Hour of Service with the Employer provided all required election and enrollment forms are properly submitted to the Plan Administrator.

A Full-Time Employee of the Employer who is on an approved sabbatical leave for up to 12 months.

You are not eligible to participate in the Plan if you are a part-time, leased or Seasonal Employee, an independent contractor or a person performing services pursuant to a contract under which you are designated an independent contractor (regardless of whether you might later be deemed a common law employee by a court or governmental agency) or a person covered by a collective bargaining agreement that does not provide for participation in this Plan.

Determining Full-Time Employee Status for Ongoing Employees: In determining whether an Ongoing Employee is classified as a Full-Time Employee the Employer has set forth a Standard Measurement Period of 12 months followed by a Standard Stability Period of 12 months. If during the Standard Measurement Period, the Ongoing Employee is determined to be a Full-Time Employee, the Plan will have a 90-day Administrative Period to notify the Employee of his or her eligibility (and the eligibility of the Employee’s eligible Dependents) to enroll in the Plan and to complete the enrollment process. An Employee who has been determined to be a Full-Time Employee during his or her Measurement Period will be offered coverage that is effective as of the first day of the Employee’s Stability Period (and coverage will be added to such Full-Time Employee’s eligible Dependents).

Determining Full-Time Employee Status for New Variable Hour or Part-Time Employees: In determining whether a new Variable Hour or Part-Time Employee will be considered as a Full-Time Employee during the Initial Stability Period, the Employer has set forth an Initial Measurement Period of 12 months followed by an Initial Stability Period of 12 months. If during the Initial Measurement Period, the Employee is determined to be a Full-Time Employee, the Plan will have a 30-day Administrative Period to notify the Employee of his or her eligibility to enroll in the Plan and to complete the enrollment process (and the eligibility of the Employee’s eligible Dependents).

An Employee who has been determined to be a Full-Time Employee during his or her Measurement Period will be offered coverage that is effective as of the first day of the Employee’s Stability Period (and coverage will be added to such Full-Time Employee’s eligible Dependents). Notwithstanding any other provision to the contrary, the combined length of the Initial Measurement Period and the Administrative Period for a New Employee who is a Part-Time or Variable Hour Employee may not extend beyond the last day of the first calendar month beginning on or after the first anniversary of the date the Employee completes at least one Hour of Service with the Employer.

Material Change in Position or Employment Status for New Variable Hour or Part-Time Employee: An Employee who, during his or her Initial Measurement Period, experiences a material change in position or employment status that results in the Employee becoming reasonably expected to work at least 30 Hours of Service per week for the Employer will be treated as a Full-Time Employee to whom coverage under the Plan will be offered to the Employee and his or her eligible Dependents beginning on the earlier of:

(1) The fourth full calendar month following the change in employment status; or

(2) The first day of the Initial Stability Period (but only if the Employee averaged at least 30 Hours of Service per week during the Initial Measurement Period).
Dependent Eligibility
Your Dependents are eligible for participation in this Plan provided he/she is:

(1) Your Spouse.

(2) Your Child until the end of the month in which attains age 26.

(3) Your Child age 26 or older, who is unable to be self supporting by reason of mental or physical handicap and is incapacitated, provided the child suffered such incapacity prior to the end of the month in which he/she attained age 26. Your Child must be unmarried and primarily dependent upon you for support. The Plan Sponsor may require subsequent proof of your Child’s disability and dependency, including a Physician’s statement certifying your Child’s physical or mental incapacity.

(4) A child for whom you are required to provide health coverage due to a Qualified Medical Child Support Order (QMCSO). Procedures for determining a QMCSO may be obtained from the Plan Administrator at no cost.

The below terms have the following meanings:

“Spouse” means any person who is lawfully married to you under any state law. Specifically excluded from this definition is a spouse by reason of common law marriage, whether or not permitted in your State. The Plan administrator may require documentation proving a legal marital relationship.

“Child” means your natural born son, daughter, stepson, stepdaughter, legally adopted child (or a child placed with you in anticipation of adoption), Eligible Foster Child or a child for whom you are the Legal Guardian. Coverage for an Eligible Foster Child or a child for whom you are the Legal Guardian will remain in effect until such child no longer meets the age requirements of an eligible Dependent under the terms of the Plan, regardless of whether or not such child has attained age 18 (or any other applicable age of emancipation of minors).

“Child placed with you in anticipation of adoption” means a child that you intend to adopt, whether or not the adoption has become final, who has not attained the age of 18 as of the date of such placement for adoption. The term "placed" means the assumption and retention by you of a legal obligation for total or partial support of the child in anticipation of adoption of the child. The child must be available for adoption and the legal process must have commenced.

“Eligible Foster Child” shall mean an individual who is placed with you by an authorized placement agency.

“Legal Guardian” means a person recognized by a court of law as having the duty of taking care of the person and managing the property and rights of an individual that is placed with such person by judgment, decree or other order of any court of competent jurisdiction.

When you and your Spouse are both Covered Employees
When both you and your Spouse are covered Employees, each of you must choose coverage as either an Employee or as a Dependent. You may not be covered under this Plan as both an Employee and a Dependent.

Court Ordered Coverage for a Child
Federal law requires the Plan, under certain circumstances, to provide coverage for your children. The details of these requirements are summarized below.

The Plan Administrator shall enroll for immediate coverage under this Plan any Child, who is the subject of a “qualified medical child support order” (“QMCSO”). If you are ordered to provide such coverage for a Child and you are not enrolled in the Plan at the time the Plan Administrator receives a QMCSO, the Plan Administrator shall also enroll you for immediate coverage under this Plan. Coverage under the Plan will be effective as of the later of the date specified in the order or the date the Plan Administrator determines that the order is a QMCSO. Any required contribution for coverage pursuant to this section will be deducted from your pay in accordance with the Employer’s payroll schedule and policies.
A QMCSO is defined as a child support decree or order issued by a court (or a state administrative agency that has the force and effect of law under applicable state law) that obligates you to support or provide health care coverage to your child and includes certain information concerning such coverage. The Plan Administrator will determine whether any child support order it receives constitutes a QMCSO. Except for QMCSO’s, no child is eligible for Plan coverage, even if you are required to provide coverage for that child under the terms of a separation agreement or court order, unless the child is an eligible Child under this Plan. Procedures for determining a QMCSO may be obtained, free of charge, by contacting the Plan Administrator.

Retiree Eligibility
You are eligible for coverage under this Plan as a Retiree if:

1. Your age and earned service credit add up to the sum of 75 or more; or
2. You are age 65 or older with at least 5 or more years of earned service credit; or
3. You have earned service credit and allowed service credit totaling 25 years or more; and
4. You were covered under the Plan as of the date of your retirement.

You may also elect to continue coverage for your Spouse and any eligible Dependents and the Spouse and any eligible Dependents of a deceased Retiree.

At the time of retirement you may elect to enroll in COBRA Continuation Coverage in lieu of Retiree coverage. If you elect COBRA Continuation Coverage in lieu of Retiree coverage for yourself and any eligible Dependents or if you fail to make any election under the Plan, you and/or your Dependents will not be eligible to enroll in the Retiree coverage under the Plan at a later time. If however, you elect Retiree coverage in lieu of COBRA Continuation Coverage, the Retiree coverage under the Plan will be treated as alternative coverage and you will not be eligible to continue coverage under COBRA once Retiree coverage under the Plan has ended.

If you decide to enroll yourself and your eligible Dependents in Retiree coverage, you must enroll by completing all required election and enrollment forms and submitting them to the Plan Administrator within 30 days after your retirement date. Participation in the Plan will begin for you and any eligible Dependents as of your date of retirement provided all required election and enrollment forms are properly submitted to the Plan Administrator. You are required to pay the entire cost of Retiree coverage for yourself and any eligible Dependents in accordance with the policies and procedures established by the Plan Sponsor. The amount of any required contribution will be communicated to you prior to the date of your retirement.

Timely Enrollment
Once you are eligible to participate in the Plan, you must enroll for coverage by completing all election and enrollment forms and submitting them to the Plan Administrator within 30 days after satisfaction of the eligibility requirements. If you are required to contribute towards the cost of coverage you must complete and submit a payroll deduction authorization for the Plan Administrator to deduct the required contribution from your pay. In addition, as part of the enrollment requirements, you will be required to provide your social security number, as well as the social security numbers of your Dependents. The Plan Administrator may request this information at any time for continued eligibility under the Plan. Failure to provide the required social security numbers may result in loss of eligibility or loss of continued eligibility under the Plan.

If you decline enrollment for you and/or your Dependents, you must provide a written statement to the Plan Administrator indicating that the reason you are declining enrollment is due to other health coverage. If you lose such other health coverage, it may constitute a Special Enrollment Event (described below) that gives you and/or your Dependents a right to enroll in the Plan mid-year due to such loss of coverage. However, if you failed to submit such written statement when initially eligible, you will lose your right to this special mid-year enrollment opportunity.

If you fail to complete and submit the appropriate election and enrollment forms within the 30-day period described above, you will not be eligible to enroll in the Plan until the next open enrollment period or unless you experience a Special Enrollment Event or a Status Change Event.
Open Enrollment Period
You and your Dependents may enroll for coverage during the Plan’s open enrollment period, designated by the Plan Sponsor and communicated to you prior to such open enrollment period. During this time you will be permitted to make changes to any existing benefit elections. Benefit elections made during the open enrollment period will be effective as of January 1 and will remain in effect until the next open enrollment period unless you experience or your Dependent experiences a Special Enrollment Event or Status Change Event.

Late Enrollment
If you did not enroll during your original 30-day eligibility period you may do so by making written application to the Plan Administrator during the annual open enrollment period (refer to annual open enrollment period section above). In these circumstances, you and/or your eligible Dependents will be considered Late Enrollees.

Special Enrollment Event
A special enrollment event occurs when you or your Dependents suffer a loss of other health care coverage, when you become eligible for a state premium assistance subsidy or acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption. In these circumstances, you and/or your eligible Dependents will be considered Special Enrollees.

Each special enrollment event is more fully described below:

1. **Loss of Other Coverage (other than under Medicaid or SCHIP).** If you declined enrollment for yourself or your Dependents (including your Spouse) because you or your Dependents had other health coverage (including coverage under a group health plan sponsored by a governmental or educational institution, a medical care program of the Indian Health Service or of a tribal organization), you may enroll for coverage for yourself and/or your Dependents under this Plan if the other health coverage is lost as a result of one of the following provided, however, you submitted a written statement to the Plan Administrator when you and/or your Dependents were initially eligible stating that other health coverage was the reason for declining enrollment under this Plan:

   (a) The other health coverage was under COBRA and the maximum continuation period available under COBRA has been exhausted;

   (b) Loss of eligibility under the other health coverage for reasons other than non-payment of the required contribution or premium, making a fraudulent claim or intentional misrepresentation of a material fact in connection with the other plan; or

   (c) Employer contributions cease for the other health coverage.

   If you are already enrolled in a benefit option available under the Plan and your Dependent lost his or her other health coverage, you may enroll in a different benefit option available under the Plan due to the special enrollment event of your Dependent.

   You must submit the appropriate election and enrollment forms to the Plan Administrator within 30 days after the date the other health coverage was lost. Coverage under the Plan will become effective on the day following the date you submit the appropriate election and enrollment forms to the Plan Administrator.

2. **Loss of Coverage under Medicaid or SCHIP or Eligibility for a State Premium Assistance Subsidy.** If you or your Dependents did not enroll in the Plan when initially eligible because you and/or your Dependents were covered under Medicaid or a State sponsored Children’s Health Insurance Program (SCHIP) and your coverage terminates or you or your Dependents become eligible for a State premium assistance subsidy under Medicaid or SCHIP, you may enroll for coverage under this Plan for yourself and your Dependents after Medicaid or SCHIP coverage terminates or after you or your Dependents’ eligibility for a State assistance subsidy under Medicaid or SCHIP is determined.
You must submit the appropriate election and enrollment forms to the Plan Administrator within 60 days after coverage under Medicaid or SCHIP terminates or within 60 days after eligibility for a State premium assistance subsidy under Medicaid or SCHIP is determined. Coverage under the Plan will become effective on the day following the date you submit the appropriate election and enrollment forms to the Plan Administrator.

(3) **Acquisition of a New Dependent.** If you acquire a new Dependent as a result of marriage, birth, adoption or placement for adoption, you may be able to enroll for coverage under this Plan for yourself and your Dependents. You must submit the appropriate election and enrollment forms to the Plan Administrator within 30 days after the date you acquire such Dependent.

(a) Coverage becomes effective for a Dependent Child who is born after the date your coverage becomes effective as of such child’s date of birth provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 30 days after the child’s birth. Failure to enroll in the Plan within this 30-day period will result in no coverage under the Plan.

(b) Coverage for a newly acquired Dependent due to marriage will be effective on the date of marriage provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 30 days after your date of marriage. Failure to enroll in the Plan within the 30-day period described above will result in no coverage under the Plan.

(c) Coverage for a newly acquired Dependent due to adoption (or placement with you in anticipation of adoption) will be effective as of the date of adoption (or placement in anticipation of adoption) provided you complete and submit the required election and enrollment forms (including a payroll deduction authorization, if applicable) within 30 days after adoption or placement in anticipation of adoption, as applicable. Failure to enroll in the Plan within the 30-day period described above will result in no coverage under the Plan.

Retroactive Termination of Coverage
Except in cases where you and/or your covered Dependents fail to pay any required contribution to the cost of coverage, the Plan will not retroactively terminate coverage under the Plan unless you and/or your covered Dependents (or a person seeking coverage on behalf of you and/or your covered Dependents) performs an act, practice or omission that constitutes fraud with respect to the Plan or unless the individual makes an intentional misrepresentation of material fact. In such cases, the Plan will provide at least 30 days advance written notice to you or your covered Dependent who is affected before coverage will be retroactively terminated. As provided above, coverage may be retroactively terminated in cases where required Employee contributions have not been paid by the applicable deadline. In those cases, no advance written notice is required.

Rehire Provision
After you become covered under the Plan, if your employment ends and you are rehired by the Employer within 6 months after your termination date, your coverage will take effect on the date you complete at least one hour of service with the Employer. The waiting period will be waived. If you were not covered under the Plan on the date of your termination or you are rehired by the Employer more than 6 months after your termination date, you will be treated as a new Employee and will be required to satisfy the waiting period. Any payments made under prior coverage will be applied to the appropriate maximums.

Continuation of Plan Coverage due to Layoff Approved Leave of Absence.
Medical, dental and vision coverage will be continued by your Employer for you and your Dependents in the event of layoff or an approved leave of absence. Coverage will continue as follows:

(1) In the event of a layoff, until the earlier of:
   (a) One month following the date of layoff;
   (b) The date the layoff is terminated; or
   (c) The date the Covered Person fails to pay any contribution required for coverage.
(2) In the event of an approved leave of absence, until the earlier of:
   (a) The date the leave of absence expires;
   (b) The date the Covered Person fails to pay any contribution required for coverage; or
   (c) The end of 12 calendar months following the beginning of the approved leave of absence.

This section shall only apply to leaves of absences which are not covered by USERRA or the Family and Medical Leave Act sections of the Plan.

If your leave qualifies under the Family and Medical Leave Act (FMLA), any continuation of coverage provided under this provision will run concurrent with FMLA.
Coverage under this provision will continue in accordance with the same terms and conditions of an active Employee and any period of continued coverage under this section will reduce the maximum time for which you may elect to continue coverage under COBRA. Please refer to the COBRA Continuation Coverage section of the Plan.

Continuation of Coverage under the Family and Medical Leave Act (FMLA)
The Plan shall at all times comply with the Family and Medical Leave Act of 1993 (FMLA), as amended and as promulgated in regulations issued by the Department of Labor.

During any leave taken under the FMLA, you may maintain coverage under the Plan on the same conditions as coverage would have been provided if you had been continuously employed during the leave period. Failure to make required payments within 30 days of the due date established by your Employer will result in the termination of coverage for you and/or your eligible Dependents.

If you fail to return to work after the FMLA leave, the Employer may have the right to recover its contributions toward the cost of coverage during the FMLA leave.

If coverage under the Plan terminates during the FMLA leave, coverage will be reinstated for you and your covered Dependents if you return to work at the end of the FMLA leave.

Continuation of Coverage under State Family and Medical Leave Laws
To the extent this Plan is required to comply with a State family and medical leave law that is more generous than the FMLA, continuation of coverage under this Plan will be provided in accordance with such State family and medical leave law, as well as under FMLA.

Continuation of Coverage under USERRA
You may elect to continue Plan coverage under the Uniformed Services Employment and Reemployment Rights Act (USERRA) if you are absent from work due to military service in the Uniformed Services (as defined under USERRA). You may elect to continue coverage for yourself and any of your Dependents that were covered under the Plan at the time of your leave. Your eligible Dependents do not have an independent right to elect coverage under USERRA; therefore unless you elect to continue coverage on their behalf, your eligible Dependents will not be permitted to continue coverage under USERRA separately.

To elect coverage under USERRA, you must submit your election to continue coverage under USERRA, on a form prescribed by the Plan Administrator to the Plan Administrator within 60 days after the date of your leave. Coverage under the Plan will become effective as of the date of your leave and will continue for the lesser of (a) 24 months (beginning on the date your absence begins); or (b) the period of time beginning on the date your absence begins and ending on the day after the date you return to employment with the Employer or fail to apply for or return to employment with the Employer within the time limit applicable under USERRA.

If your leave is 31 days or more, you will be required to pay up to 102% of the full contribution under the Plan. If your leave is 30 days or less, you will not be required to pay more than the amount (if any) you would have paid had you remained an active Employee of the Employer. Your Employer will notify you of the procedures for making payments under this Plan.

Continuation coverage provided under USERRA counts towards the maximum coverage period under COBRA continuation coverage.

An Employee returning from USERRA-covered military leave who participated in the Plan immediately before going on USERRA leave has the right to resume coverage under the Plan upon return from USERRA leave, as long as the Employee resumes employment within the time limit that applies under USERRA. No waiting period will apply to an Employee returning from USERRA leave (within the applicable time period) unless the waiting period or exclusionary period would have applied to the Employee if the Employee had remained continuously employed during the period of military leave.

With respect to women, such additional preventive care and screenings, not otherwise addressed by the Task Force, as provided for in comprehensive guidelines supported by the Health Resources and Services Administration and published on August 1, 2011 (or any applicable subsequent guidelines or guidance requiring any additional women’s preventive services). Those guidelines generally include the following:

(A) Well-woman visits. Well-woman preventive care visits annually for adult women to obtain the recommended preventive services that are age and developmentally appropriate, including preconception and prenatal care. The inclusion of a well-woman visit is not meant to limit the coverage for any other preventive service described elsewhere in this Plan document that might be administered as part of the well-woman visit.

Coverage for prenatal care is limited to pregnancy-related Physician office visits including the initial and subsequent history and physical exams of the pregnant woman. In the event a provider bills a “maternity global rate”, the portion of the claim that will be considered for prenatal visits and therefore, preventive care, is 40% of the “maternity global rate”. As a result, 60% of the “maternity global rate” will be considered for delivery and postnatal care and the normal cost-sharing provisions would apply. Items not considered preventive (and therefore subject to normal cost-sharing provisions) include Inpatient admissions, high risk specialist units, ultrasounds, amniocentesis, fetal stress tests, delivery including anesthesia and certain pregnancy diagnostic lab tests.

(B) Screening for gestational diabetes. A maximum of 5 screenings for gestational diabetes shall be covered in pregnant women.

All FDA approved contraceptive methods (see Preventive Drugs section below), sterilization procedures and patient education and counseling for women with reproductive capacity. Contraceptive counseling is limited to 2 visits per 12-month period.

For purposes of the above, the sterilization procedures to be considered preventive include sterilization implant (Essure) and surgical sterilization (Sterilization) either abdominally, vaginally or laparoscopically. Eligible charges for a sterilization procedure and all ancillary
services will be covered when sterilization is the primary purpose of the services provided and/or if it is performed as a standalone procedure and billed as such. However, complications arising following a sterilization procedure are not covered as preventive services. Covered Expenses do not include charges for a sterilization procedure to the extent the procedure was not billed separately by the provider or because it was not the primary purpose of the procedure. To the extent sterilization is part of another procedure and/or is not a separate line on the bill, the sterilization procedure is not a Covered Expense.

(G) Breastfeeding support, supplies and counseling in conjunction with each birth, including the following:

(1) Comprehensive lactation support and counseling by a trained provider during pregnancy and/or in the postnatal period (60 days from baby’s date of birth). Lactation consultation is limited to 6 cumulative visits per 12-month period.

(2) Breastfeeding equipment will be covered, subject to the following:

   (i) Rental of a Hospital grade electric pump while the baby is Hospital confined; and

   (ii) Purchase of a standard (non-Hospital grade) electric breast pump or manual breast pump if requested during pregnancy or during the duration of breastfeeding, provided the Covered Person has not received either a standard electric breast pump or a manual breast pump within the last 3 Calendar Years and provided the Covered Person remains continuously enrolled in the Plan.

(3) For women using a breast pump from a prior pregnancy, one new set of breast pump supplies will be covered at 100% with each subsequent pregnancy for initiation or continuation of breastfeeding.

To the extent the above does not cover any preventive service required to be covered under the guidelines published by the Health Resources and Services Administration on August 1, 2011 (or any applicable subsequent guidelines or guidance requiring any additional women’s preventive services), the above shall be deemed to be amended to cover such preventive services to the extent required by such guidelines.

(v) Preventive Drugs means items which have been identified by the U.S. Department of Health and Human Services (HHS) as a preventive service. You may view the guidelines established by HHS by visiting the following website:

COBRA CONTINUATION COVERAGE

The right to COBRA Continuation Coverage was created by a federal law known as the Consolidated Omnibus Budget Reconciliation Act of 1985, as amended (“COBRA”). COBRA Continuation Coverage can become available to you and/or your eligible Dependents when your coverage under the Plan ends because of a life event known as a “qualifying event”.

Qualified Beneficiary
In general, you, your Spouse and any Dependent Child covered under the Plan on the day before a qualifying event that causes you to lose coverage under the Plan is considered a “qualified beneficiary”.

In addition, any Dependent Child who is born to or placed for adoption with you during a period of COBRA continuation coverage is considered a “qualified beneficiary”.

If the qualifying event is a bankruptcy proceeding under Title 11 of the U.S. Code with respect to the Employer, a covered Retiree and his or her covered Spouse, surviving Spouse or Dependent Child of such Retiree will also be considered qualified beneficiaries provided the bankruptcy results in the loss of their coverage under the Plan.

Each qualified beneficiary (including a child who is born to or placed for adoption with a covered Employee during a period of COBRA continuation coverage) is offered the opportunity to make an independent election to receive COBRA continuation coverage.

Qualifying Event
If you are a covered Employee, you, your Spouse and/or Dependent Child will become a qualified beneficiary if you lose your coverage under the Plan because either one of the following qualifying events happens:

(1) Your hours of employment are reduced or
(2) Your employment ends for any reason other than your gross misconduct.

You, your Spouse and/or Dependent Child may elect to continue coverage under the Plan for up to a maximum period of 18 months provided you elect to enroll in COBRA within 60 days following the later of (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date you are given notice of your rights to elect COBRA Continuation Coverage.

You, your Spouse and Dependent Child have an independent right to elect COBRA Continuation Coverage. You and/or your Spouse may elect coverage on behalf of either one of you and parents may elect coverage on behalf of their Dependent Child.

If you are the Spouse and/or Dependent Child of a covered Employee, you will also become a qualified beneficiary if you lose your coverage under the Plan because any of the following qualifying events:

(1) Your spouse/parent-Employee dies;
(2) Your spouse/parent-Employee becomes entitled to Medicare benefits (under Part A, Part B or both); or
(3) You/your parents become divorced or legally separated.

Your Spouse and/or Dependent Child may elect to continue coverage under the Plan for up to a maximum period of 36 months provided such Spouse and/or Dependent Child provide notice of the qualifying event to the Employer and elect to enroll in COBRA within 60 days following the later of (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date they are given notice of their rights to elect COBRA Continuation Coverage and their obligation to provide such notice. Please see the section below entitled “Notice Requirement” for the requirements of such notice.
If you are a Dependent Child of a covered Employee, you will also become a qualified beneficiary if you lose coverage under the Plan because you cease to be eligible for coverage under the Plan as a Dependent Child. You may elect to continue coverage under the Plan for up to a maximum period of 36 months provided you provide notice of the qualifying event to the Employer and elect to enroll in COBRA within 60 days following the later of: (a) the date coverage under the Plan would end due to the qualifying event; or (b) the date you are given notice of your rights to elect COBRA Continuation Coverage and your obligation to provide such notice. Please see the section below entitled “Notice Requirement” for the requirements of such notice.

Extension of 18-Month Continuation Coverage Period
If you, your Spouse or Dependent Child is determined to be disabled by the Social Security Act (SSA); you and all other qualified beneficiaries may be entitled to receive up to an additional 11 months of COBRA continuation coverage, for a total maximum of 29 months. The disability would have to have started at some time before the 61st day of COBRA continuation coverage and must last at least until the end of the 18-month period of COBRA continuation coverage. To qualify for this extension in coverage, notification must be given to your Employer on a date that is both within 60 days after the later of (a) the date of the SSA determination; (b) the date coverage under the Plan would end due to the qualifying event; or (c) the date you are given notice of your obligation to provide such notice and before the end of the initial 18-month period of coverage. If you are later determined not disabled by SSA, you must notify your Employer within 30 days following the later of (a) the date of the SSA determination; or (b) the date you are given notice of your obligation to provide such notice. Please see the section below entitled “Notice Requirement” for the requirements of such notice.

If your family experiences another qualifying event while receiving 18 months of COBRA continuation coverage, your Spouse and any Dependent Child in your family may be entitled to receive up to 18 additional months of COBRA continuation coverage, for a maximum of 36 months. To qualify for this extension in coverage, notification must be given to your Employer within 60 days after the later of (a) the date coverage under the Plan would end due to the qualifying event or (b) the date you are given notice of your obligation to provide such notice. Please see the section below entitled “Notice Requirement” for the requirements of such notice.

Notice Requirement
The notice must be postmarked (if mailed) or received by the COBRA Administrator (if hand delivered), by the deadline set forth above. If the notice is late, the opportunity to elect or extend COBRA continuation coverage is lost and if you are electing COBRA continuation coverage, your coverage under the Plan will terminate on the last date for which you are eligible under the terms of the Plan or if you are eligible for an extension of COBRA continuation coverage, such coverage will end on the last day of the initial 18-month COBRA continuation coverage period.

For qualifying events such as divorce or legal separation of the Employee and Spouse or a Dependent Child's loss of eligibility under the Plan, the notice must contain the following information:

(1) Name and address of the covered Employee or former Employee;
(2) Name and address of your Spouse, former Spouse and any Dependent Children;
(3) Description of the qualifying event; and
(4) Date of the qualifying event.

In addition to the information above, if you, your Spouse or any Dependent Child is determined by SSA to be disabled within 60 days after your COBRA continuation coverage begins, the notice must also contain the following information:

(1) Name of person deemed disabled;
(2) Date of disability determination; and
(3) Copy of SSA determination letter.
If you cannot provide a copy of the decree of divorce or the SSA’s determination by the deadline for providing the notice, complete and provide the notice, as instructed, by the deadline and submit the copy of the decree of divorce or the SSA’s determination within 30 days after the deadline. The notice will be timely if you do so. However, no COBRA continuation coverage or extension of such coverage, will be available until the copy of the decree of divorce or the SSA’s determination is provided.

If the notice does not contain all of the required information, the COBRA Administrator may request additional information. If the individual fails to provide such information within the time period specified in the request, the notice may be rejected.

In addition to accepting a letter with the information described above, the Plan Administrator, in its discretion, may develop and make available a form, which may then be completed to provide the required notice. If such a form is available, a covered Employee or a covered Spouse may obtain a copy by requesting it from the Plan Administrator at the address provided in this notice.

Notice must be sent to the COBRA Administrator at:

Meritain Health, Inc.
P.O. Box 27158
Lansing, MI 48909-7158
Fax No.: (716) 319-5736

Termination of COBRA Continuation Coverage
COBRA continuation coverage automatically ends 18, 29 or 36 months (whichever is applicable) after the date of the qualifying event; however coverage may end before the end of the maximum period on the earliest of the following events:

(1) The date the Plan Sponsor ceases to provide any group health plan coverage;

(2) The date on which the qualified beneficiary fails to pay the required contribution;

(3) The date that the qualified beneficiary first becomes, after the date of election, covered under any other group health plan (as an Employee or otherwise) or entitled to either Medicare Part A or Part B (whichever comes first). However, a qualified beneficiary who becomes covered under a group health plan which has a Pre-Existing Condition limit that affects that individual; he/she will be allowed to continue COBRA continuation coverage for the length of the pre-existing condition or to the COBRA maximum time period, if less; or

(4) The first day of the month that begins more than 30 days after the date of the SSA's determination that the qualified beneficiary is no longer disabled, but in no event before the end of the maximum coverage period that applied without taking into consideration the disability extension.

Payment for COBRA Continuation Coverage
Once COBRA continuation coverage is elected, you must pay for the cost of the initial period of coverage within 45 days. Payments then are due on the first day of each month to continue coverage for that month. If a payment is not received within 30 days of the due date, COBRA continuation coverage will be canceled and will not be reinstated. The amount you are required to pay for COBRA continuation coverage is 102% of the actual cost of coverage you elect, unless you qualify for the 11-month period of extended coverage due to disability (as specified above). In the event of disability, you will be required to pay 150% of the actual cost of coverage you elect for the 11-month extension period.

Additional Information
Additional information about the Plan and COBRA continuation coverage is available from the Plan Administrator, who is identified on the General Information page of this Plan.

Current Addresses
In order to protect your family’s rights, you should keep the Plan Administrator informed of any changes in the addresses of family members.
CLAIM PROCEDURES

You will receive an Employee identification card which will contain important information, including claim filing directions and contact information.

At the time you receive treatment, show the Employee identification card to your provider of service. In most cases, your provider will file your claim for you. You may file the claim yourself by submitting the required information to:

Meritain Health, Inc.
P.O. Box 853921
Richardson, TX 75085-3921
(800) 925-2272

Most claims under the Plan will be “post service claims.” A “post service claim” is a claim for a benefit under the Plan after the services have been rendered. Post service claims must include the following information in order to be considered filed with the Plan:

1. The date of service;
2. The name, address, telephone number and tax identification number of the provider of the services or supplies;
3. The place where the services were rendered;
4. The diagnosis and procedure codes;
5. The amount of charges (including Network repricing information);
6. The name of the Plan;
7. The name of the covered Employee; and
8. The name of the patient.

A call from a provider who wants to know if an individual is covered under the Plan or if a certain procedure or treatment is a Covered Expense before the treatment is rendered, is not a “claim” since an actual written claim for benefits is not being filed with the Plan. Likewise, presentation of a prescription to a pharmacy does not constitute a claim.

Timely Filing
All claims must be filed with the Third Party Administrator within 12 months following the date services were Incurred. Claims filed after this time period will be denied.

Procedures for all Claims
The Plan's claim procedures are intended to reflect the Department of Labor's claims procedures regulations and should be interpreted accordingly. In the event of any conflict between this Plan and those Regulations, those Regulations will control. In addition, any changes in those Regulations shall be deemed to amend this Plan automatically, effective as of the date of those changes.
To receive benefits under the Plan, the claimant (i.e. you and your covered Dependents) must follow the procedures outlined in this section. There are 4 different types of claims: (1) Urgent Care Claims; (2) Concurrent Care Claims; (3) Pre-Service Claims; and (4) Post-Service Claims. The procedures for each type of claim are more fully described below:

(1) **Urgent Care Claims.** If your claim is considered an urgent care claim, the Plan Administrator will notify you of the Plan's benefit determination (whether adverse or not) as soon as possible, taking into account the medical exigencies, but not later than 72 hours after the Plan receives the claim, unless you fail to provide sufficient information to determine whether or to what extent, benefits are covered or payable under the Plan. If you fail to provide sufficient information for the Plan to decide your claim, the Plan Administrator will notify you as soon as possible, but not later than 24 hours after the Plan receives the claim, of the specific information necessary to complete the claim. The notification may be oral unless written notification is requested by you. You will be afforded a reasonable amount of time, taking into account the circumstances, but not less than 48 hours, to provide the specified information. The Plan Administrator will notify you of the Plan's determination as soon as possible, but in no case later than 48 hours after the earlier of (1) the Plan's receipt of the specified additional information or (2) the end of the period afforded the claimant to provide the specified additional information.

A claim for benefits is considered an urgent care claim if the application of the time periods for making non-urgent care determinations could seriously jeopardize your life or health or your ability to regain maximum function or, in the opinion of a Physician with knowledge of your medical condition, would subject you to severe pain that could not be adequately managed without the care or treatment which is the subject of the claim. In determining if the initial claim for benefits should be treated as an urgent care claim, the Plan will defer to a determination, if any, by an attending provider that the claim should be treated as an urgent care claim, if that determination is timely provided to the Plan.

(2) **Concurrent Care Claims.** If the Plan has approved an ongoing course of health care treatment to be provided over a period of time or number of treatments, any reduction or termination by the Plan of the previously approved course of treatment (other than by Plan amendment or termination) before the approved time period or number of treatments constitutes an adverse determination. In such a case, the Plan Administrator will notify you of the adverse determination at a time sufficiently in advance of the reduction or termination to allow you, the claimant, to appeal and obtain a determination on review of that adverse determination before reduction or termination of the benefit.

Any request by you to extend a previously approved course of urgent care treatment beyond the approved period of time or number of treatments shall be decided as soon as possible, taking into account the medical exigencies and the Plan Administrator will notify you of the benefit determination, whether adverse or not, within 24 hours after the Plan receives the claim provided that any such claim is made to the Plan at least 24 hours prior to the expiration of the prescribed period of time or number of treatments.

(3) **Pre-Service Claims.** For a pre-service claim, the Plan Administrator will notify you of the Plan's benefit determination (whether adverse or not) within a reasonable period of time appropriate to the medical circumstances, but not later than 15 days after the Plan receives the claim. If, due to matters beyond the control of the Plan, the Plan Administrator needs additional time to process a claim, the Plan Administrator may extend the time to notify you of the Plan's benefit determination for up to 15 days provided that the Plan Administrator notifies you within 15 days after the Plan receives the claim, of those special circumstances and of when the Plan Administrator expects to make its decision. However, if such an extension is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension must specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a pre-service claim if the claim requires approval, in part or in whole, in advance of obtaining the health care in question.
(4) **Post-Service Claims.** For a post-service claim, the Plan Administrator will notify you of the Plan's adverse determination within a reasonable period of time, but not later than 30 days after receipt of the claim. If, due to special circumstances, the Plan Administrator needs additional time to process a claim, the Plan Administrator may extend the time for notifying you of the Plan's benefit determination on a one-time basis for up to 15 days provided that the Plan Administrator notifies you within 30 days after the Plan receives the claim, of those special circumstances and of the date by which the reviewer expects to make a decision. However, if such a decision is necessary due to your failure to submit the information necessary to decide the claim, the notice of extension will specifically describe the required information and you will be afforded at least 45 days from receipt of the notice within which to provide the specified information.

A claim for benefits is considered a post-service claim if it is a request for payment for services or other benefits that you have already received (or any other claim for health benefits that is not a pre-service claim or an urgent care claim).

**Manner and Content of Notice of Initial Adverse Determination**
If the Plan Administrator denies a claim, it must provide to you in writing or by electronic communication:

1. An explanation of the specific reasons for the denial;
2. A reference to the Plan provision or insurance contract provision upon which the denial is based;
3. A description of any additional information or material that you must provide in order to perfect the claim;
4. An explanation of why the additional material or information is necessary;
5. Notice that you have the right to request a review of the claim denial and information on the steps to be taken if you wish to request a review of the claim denial along with the time limits applicable to a request for review;
6. A statement describing your right to request an external review (or, if applicable, to request a second level appeal) or, if applicable, to bring an action for judicial review;
7. A copy of any rule, guideline, protocol or other similar criterion relied upon in making the adverse determination (or a statement that the same will be provided upon your request and without charge); and
8. If the adverse determination is based on the Plan's Medical Necessity, Experimental treatment or similar exclusion or limit, either: (a) an explanation of the scientific or clinical judgment applying the exclusion or limit to your medical circumstances or (b) a statement that the same will be provided upon your request and without charge.

Any notice of adverse determination also will include the following information:

1. Information sufficient to identify the claim involved, including the date of service, the health care provider and the claim amount (if applicable);
2. As part of the explanation of the determination, a discussion of the decision, as well as disclosure of any denial code used (and an explanation of its meaning) and a description of the Plan's standard, if any, that was used in denying the claim;
3. A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;
4. Information (including contact information) about the availability of any applicable office of health insurance consumer assistance or ombudsmen established pursuant to the Patient Protection and Affordable Care Act (PPACA) to assist individuals with internal claims and appeals and external review processes; and
5. A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).
For an adverse determination concerning an urgent care claim, the information described in this Section may be provided to you orally within the permitted time frame provided that a written or electronic notification in accordance with this section is furnished to you no later than 3 days after the oral notification.

**Internal Review of Initially Denied Claims**

If you submit a claim for Plan benefits and it is initially denied under the procedures described above, you may request a review of that denial under the procedures described below.

You have 180 days after you receive notice of an initial adverse determination within which to request a review of the adverse determination. For a request for a second level appeal, you have 60 days after you receive notice of an adverse determination at the first level of appeal to request a second level appeal of the adverse determination.

If you request a review of an adverse determination within the applicable time period, the review will meet the following requirements:

1. The Plan will provide a review that does not afford deference to the adverse determination that is being appealed and that is conducted by an appropriate named fiduciary of the Plan who did not make the adverse determination that is the subject of the appeal and who is not a subordinate of the individual who made that adverse determination.

2. The appropriate named fiduciary of the Plan will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment before making a decision on review of any adverse determination based in whole or in part on a medical judgment, including determinations with regard to whether a particular treatment, drug or other item is Experimental and/or Investigational or not Medically Necessary or appropriate. The professional engaged for purposes of a consultation in the preceding sentence will be an individual who is neither an individual who was consulted in connection with the adverse determination that is the subject of the appeal, nor a subordinate of any such individual.

3. The Plan will identify any medical or vocational experts whose advice is obtained on behalf of the Plan in connection with the Plan’s review of an adverse determination, without regard to whether the advice is relied upon in making the adverse determination on review.

4. For a requested review of an adverse determination involving an urgent care claim, the review process will meet the expedited deadlines described below. Your request for such an expedited review may be submitted orally or in writing and all necessary information, including the Plan’s determination on review, will be transmitted between the Plan and you by telephone, facsimile or other available similarly expeditious method.

5. The reviewer will afford you an opportunity to review and receive, without charge, all relevant documents, information and records relating to the claim and to submit issues and comments relating to the claim in writing to the Plan. The reviewer will take into account all comments, documents, records and other information submitted by the claimant relating to the claim regardless of whether the information was submitted or considered in the initial benefit determination.

6. You will be provided, free of charge, any new or additional evidence or rationale considered, relied upon or generated by the Plan in connection with the claim. Such evidence or rationale will be provided as soon as possible and sufficiently in advance of the Plan’s deadline for providing notice of its determination on review to give you a reasonable opportunity to respond prior to such determination.

7. The Plan will ensure that all claims are adjudicated in a manner designed to ensure the independence and impartiality of the persons involved in making the decisions.

8. The Plan will provide you with continued coverage pending the outcome of an internal appeal.
All requests for review of initially denied claims (including all relevant information) must be submitted to the following address:

Meritain Health, Inc.
Appeals Department
P. O. Box 41980
Plymouth, MN 55441-0970

**Deadline for Internal Review of Initially Denied Claims**

(1) **Urgent Care Claims.** The Plan provides for two levels of appeal for urgent care claims. For each level of appeal, the reviewer will notify you of the Plan's determination on review as soon as possible, taking into account the medical exigencies, but not later than 36 hours after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).

(2) **Pre-Service Claims.** The Plan provides for two levels of appeal for a pre-service claim. At each level of appeal, the reviewer will notify you of the Plan's determination on review within a reasonable period of time appropriate to the medical circumstances, but in no event later than 15 days after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).

(3) **Post-Service Claims.** The Plan provides for two levels of appeal for a post-service claim. At each level of appeal, the reviewer will notify you of the Plan's determination on review within a reasonable period of time appropriate to the medical circumstances, but in no event later than 30 days after the Plan receives your request for review of the initial adverse determination (or of the first-level appeal adverse determination).

**Manner and Content of Notice of Decision on Internal Review of Initially Denied Claims**

Upon completion of its review of an initial adverse determination (or a first-level appeal adverse determination), the reviewer will give you, in writing or by electronic notification, a notice of its benefit determination. For an adverse determination, the notice will include:

(1) A description of the Plan's decision;

(2) The specific reasons for the decision;

(3) The relevant Plan provisions or insurance contract provisions on which its decision is based;

(4) A statement that you are entitled to receive, upon request and without charge, reasonable access to and copies of, all documents, records and other information in the Plan's files which is relevant to your claim for benefits;

(5) A statement describing your right to request an external review (or, if applicable, to request a second level appeal), or, if applicable, to bring an action for judicial review;

(6) If an internal rule, guideline, protocol or other similar criterion was relied upon in making the adverse determination on review, a statement that a copy of the rule, guideline, protocol or other similar criterion will be provided without charge to you upon request;

(7) If the adverse determination on review is based on a Medical Necessity, Experimental treatment or similar exclusion or limit, either: (a) an explanation of the scientific or clinical judgment on which the determination was based, applying the terms of the Plan to the claimant's medical circumstances or (b) a statement that such an explanation will be provided without charge upon request; and

Any notice of adverse determination will include the following information:

(1) Information sufficient to identify the claim involved, including the date of service, the health care provider and the claim amount (if applicable);
As part of the explanation of the determination, a discussion of the decision, as well as disclosure of any denial code used (and an explanation of its meaning) and a description of the Plan's standard, if any, that was used in denying the claim;

A description of available internal appeals and external review processes, including information regarding how to initiate an appeal;

Information (including contact information) about the availability of any applicable office of health insurance consumer assistance or ombudsmen established pursuant to the Patient Protection and Affordable Care Act (PPACA) to assist individuals with internal claims and appeals and external review processes; and

A statement describing the availability, upon request, of any applicable diagnosis code (and an explanation of its meaning) and any applicable treatment code (and an explanation of its meaning).

Calculation of Time Periods

For purposes of the time periods described in the Plan's claim procedures, the period of time during which a benefit determination is required to be made begins at the time a claim (or a request for review of a denied claim) is filed in accordance with the Plan procedures without regard to whether all the information necessary to make a decision accompanies the request. If a period of time is extended due to your failure to submit all information necessary for a claim for non-urgent care benefits, the period for making the determination is "frozen" from the date the notification requesting the additional information is sent to you until the date you respond or, if earlier, until 45 days from the date you receive (or were reasonably expected to receive) the notice requesting additional information.

Adverse Determination

For purposes of the Plan's claim procedures, an "adverse determination" is a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit, including any such denial, reduction, termination or failure to provide or make payment that is based on a determination of an individual's eligibility to participate in the Plan and including a denial, reduction or termination of or a failure to provide or make payment (in whole or in part) for, a benefit resulting from the application of any utilization review, as well as a failure to cover an item or service for which benefits are otherwise provided because it is determined to be Experimental or Investigational or not medically necessary or appropriate. Adverse determination also includes any rescission of coverage, whether or not, in connection with the rescission, there is an adverse effect on any particular benefit at the time of rescission.

Plan's Failure to Follow Procedures

If the Plan fails to follow the claim procedures described above, you will be deemed to have exhausted the Plan internal claim procedures and you will be entitled to pursue any available remedy (including any available external review process) under State or Federal law on the basis that the Plan has failed to provide a reasonable claims procedure that would yield a decision on the merits of the claim.

However, the Plan will not be treated as failing to follow its claim procedures and you will not be deemed to have exhausted the Plan's administrative remedies merely because of a failure by the Plan that would be considered (based on applicable regulations) a "de minimis violation" that does not cause and is not likely to cause prejudice or harm to you as long as the Plan can demonstrate that the violation was for good cause or due to matters beyond the control of the Plan and that the violation occurred in the context of an ongoing, good faith exchange of information between the Plan and you. You may request a written explanation of any violation by the Plan of these procedures. If you request such an explanation, the Plan will provide it within 10 days and, if applicable, the explanation will include a specific description of the Plan's reasons for asserting that the violation does not cause the Plan's internal claim procedures to be exhausted. If a court or external review rejects your request for an immediate review (based on a claim that you should be deemed to have exhausted the Plan's internal claim procedures), because the court or external reviewer determines that the "de minimis violation" exception applies, the Plan will provide to you a notice of your right to resubmit your internal appeal with a reasonable time (no longer than 10 days) after the court or external reviewer makes such a determination. Any applicable time limit for you to re-file your claim will begin to run when you receive that notice from the Plan.
State Insurance Laws
Nothing in the Plan’s claims procedures will be construed to supersede any provision of any applicable State law.

External Review of Denied Claims
If you have exhausted the Plan’s internal appeal process (or if you are eligible to request an external review for any other reason under the above procedures), you may request an external review of the Plan’s final adverse determination for certain health benefit claims.

The Plan will provide for an external review process in accordance with applicable State law (if any). If no external review process exists under applicable State law or, effective after December 31, 2011, if the State law external review process does not meet certain minimum standards of the NAIC Uniform Health Carrier External Review Model Act (or the temporary “NAIC-similar” standards described in Department of Labor Technical Release 2011-02), the Plan will provide for an external review process that meets Federal law requirements. Governmental plans that are not eligible to participate in a qualifying State process must elect to participate in a federal process administered by HHS or in the federal external review process that applies to ERISA-governed, self-funded Plans. If the Plan elects to participate in the federal external review process that applies to an ERISA self-funded plan, the external review procedures described below will apply.

Note that the Federal external review process (including the expedited external review process described later in these procedures) is not available for review of all internal adverse determinations. Specifically, Federal external review is not available for review of an internal adverse determination that is based on a determination that a claimant fails to meet the eligibility requirements under the terms of the Plan. Also, for any claim for which an external review request is not initiated before September 20, 2011, the Federal external review process is available only for:

(1) An adverse determination that involves medical judgment (including, but not limited to determinations based on the Plan’s requirements for medical necessity, appropriateness, health care setting, level of care or effectiveness of a covered benefit; or the Plan’s determination that a treatment is Experimental or Investigational), as determined by the external reviewer; and

(2) A rescission of coverage.

For any adverse determination for which external review is available, the Federal external review requirements are as follows:

(1) You have 4 months following the date you receive notice of the Plan’s final internal adverse determination within which to request an external review. The request for an external review must be submitted to the following address:

Meritain Health, Inc.
Appeals Department
P. O. Box 41980
Plymouth, MN 55441-0970

(2) Within 5 business days following the date the Plan receives your external review request the Plan will complete a preliminary review. The Plan will notify you in writing within one business day after it completes the preliminary review whether the claim is eligible for the external review process:

(a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will provide contact information for the U. S. Department of Health and Human Services Health Insurance Assistance Team (HIAT).

(b) If the request is not complete, the notice will describe information or materials needed to make the request complete. If the request is not complete and additional information or materials are needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the four-month deadline described in (1) above to provide the necessary additional information or materials.
(3) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) (as soon as administratively feasible) to make a determination on the request for external review. Within five business days following assignment of the IRO, the Plan will forward to the IRO all information and materials relevant to the final internal adverse determination.

(4) The assigned IRO will notify you in writing (within a reasonable period of time) of the request's eligibility and acceptance for external review. The notice will include a statement regarding your right to submit any additional information, within ten business days from the date of receipt of the notice, for the IRO to consider as part of the external review process. Any such additional information received by the IRO will be forwarded on and shared with the Plan. The Plan, based upon any new information received, may reconsider its final internal adverse determination. Reconsideration by the Plan will not delay the external review process. If the Plan does not reconsider its final internal adverse benefits determination, the IRO will continue to proceed with the external review process.

(5) Within 45 days after the IRO receives the external review request from the Plan, the IRO must provide written notice of its external review determination to you and the Plan. The IRO’s notice is required to contain the following:

(a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;

(b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

(c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;

(d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

(e) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the group health plan or to you;

(f) A statement that judicial review may be available to you; and

(g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

**Expedited External Review**

You may request an expedited external review if you have received:

(1) An initial internal adverse determination if the adverse determination involves a medical condition for which the time frame for completion of an expedited internal appeal under the Plan's internal claim procedures would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function and you have filed a request for an expedited internal appeal; or

(2) A final internal adverse determination, if you have a medical condition where the timeframe for completion of a standard external review would seriously jeopardize your life or health or would jeopardize your ability to regain maximum function or if the final internal adverse determination concerns an admission, availability of care, continued stay or health care item or service for which you received emergency services but have not been discharged from a facility.
The following requirements apply to an expedited external review:

(1) Immediately following the date the Plan receives the external review request the Plan will complete a preliminary review. The Plan will notify you in writing immediately after completion of the preliminary review whether the request is eligible for the external review process.

(a) If the request is complete, but the claim is not eligible for external review, the notice will describe the reasons it is not eligible and will include contact information for the U. S. Department of Health and Human Services Health Insurance Assistance Team (HIAT).

(b) If the request is not complete, the notice will describe any information or materials needed to make the request complete. If the request is not complete and additional information or materials is needed to complete the preliminary review, you will have until the later of (i) 48 hours following the date of receipt of the notification or (ii) the end of the four-month deadline described in (1) above to provide the necessary additional information or materials.

(2) Following the Plan's preliminary review, if the request is eligible for external review, the Plan will assign an independent review organization (IRO) to make a determination on the request for external review. The Plan will promptly forward to the IRO, by any available expeditious method (e.g. telephone, facsimile, etc.), all information and materials relevant to the final internal adverse determination.

(3) The IRO must provide notice to the claimant and the Plan (either in writing or orally) as expeditiously as the claimant's medical condition or circumstance require and no later than 72 hours after it receives the expedited external review request from the Plan. If notice is not provided in writing, the IRO must provide written notice to you and the Plan as confirmation of the decision within 48 hours after the date of the notice. The IRO's notice is required to contain the following information:

(a) A general description of the reason for the request for external review, including information sufficient to identify the claim, the diagnosis code and treatment code and the corresponding meaning for each and the reason for the previous denial;

(b) The date the IRO received the assignment to conduct the external review and the date of the IRO decision;

(c) References to the evidence or documentation, including the specific coverage provisions and evidence based standards, considered in reaching its decision;

(d) A discussion of the principal reason or reasons for its decision, including the rationale for its decision and any evidence-based standards that were relied on in making its decision;

(e) A statement that the determination is binding except to the extent that other remedies may be available under State or Federal law to either the group health plan or to you;

(f) A statement that judicial review may be available to you; and

(g) Current contact information, including telephone number, for any applicable office of health insurance consumer assistance or ombudsman established under the Public Health Service Act Section 2793.

Effect of External Review Determination
A determination on external review is binding on the Plan and the claimant, except to the extent that other remedies are available under applicable State or Federal law. However, a decision by the external reviewer does not preclude the Plan from making payment or providing benefits on a claim at any time, including after a decision that denies the claim. When an external review decision requires the Plan to provide benefits or payment on a claim, the Plan will provide benefits or payment pursuant to the decision without unreasonable delay regardless of whether the Plan intends to seek judicial review of the decision, unless and until there is a judicial decision that provides otherwise.
Statute of Limitations for Plan Claims
Please note that no legal action may be commenced or maintained to recover benefits under the Plan more than 12 months after the final review/appeal decision by the Plan Administrator has been rendered (or deemed rendered).

Appointment of Authorized Representative
A Covered Person is permitted to appoint an authorized representative to act on his or her behalf with respect to a benefit claim or appeal of a denial. An assignment of benefits by a Covered Person to a provider will not constitute appointment of that provider as an authorized representative. To appoint such a representative, the Covered Person must complete a form which can be obtained from the Plan Administrator or the Third Party Administrator. However, in connection with a claim involving urgent care, the Plan will permit a health care professional with knowledge of the Covered Person’s medical condition to act as the Covered Person’s authorized representative without completion of this form. In the event a Covered Person designates an authorized representative, all future communications from the Plan will be with the representative, rather than the Covered Person, unless the Covered Person directs the Plan Administrator, in writing, to the contrary.

Physical Examinations
The Plan reserves the right to have a Physician of its own choosing examine any Covered Person whose Illness or Injury is the basis of a claim. All such examinations will be at the expense of the Plan. This right may be exercised when and as often as the Plan Administrator may reasonably require during the pendency of a claim. The Covered Person must comply with this requirement as a necessary condition to coverage.
COORDINATION OF BENEFITS

Benefits Subject to This Provision
This provision applies to all benefits provided under any section of this Plan.

Excess Insurance
If at the time of Injury, Illness, disease or disability there is available or potentially available, any coverage (including, but not limited to, coverage resulting from a judgment at law or settlements), the benefits under the Plan shall apply only as an excess over such other sources of coverage.

The Plan’s benefits will be excess to, whenever possible:

(1) Any primary payer besides the Plan;

(2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;

(3) Any policy of insurance from any insurance company or guarantor of a third-party;

(4) Worker’s Compensation or other liability insurance company; or

(5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

Vehicle Limitation
When medical payments are available (or, under applicable law should be available) under any vehicle insurance, the Plan shall pay excess benefits only, without reimbursement for vehicle plan and/or policy deductibles. This Plan shall always be considered secondary to such plans and/or policies. This applies to all forms of medical payments under vehicle plans and/or policies regardless of its name, title or classification. If medical payments would have been available under a vehicle insurance policy if minimum legally required levels of coverage had been in effect, but the minimum level of coverage was not in effect, the Plan shall pay excess benefits only, determined as if the minimum legally required level of coverage had been in effect at the applicable time.

Allowable Expenses
“Allowable expenses” shall mean any Medically Necessary, Usual and Customary item of expense, at least a portion of which is covered under this Plan. When some Other Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered in the amount that would be payable in accordance with the terms of the Plan shall be deemed to be the benefit.

Other Plan
“Other Plan” means any of the following plans, other than this Plan, providing benefits or services for medical or dental care or treatment:

(1) Group, blanket or franchise insurance coverage;

(2) Any group Hospital service prepayment, group medical or dental service prepayment, group practice or other group prepayment coverage;

(3) Any coverage under labor-management trustee plans, union welfare plans, employer organization plans, school insurance or employee benefit organization plans;

(4) Coverage under Medicare and any other governmental program that the Covered Person is liable for payment, except state-sponsored medical assistance programs and TRICARE, in which case this Plan pays primary;

(5) Coverage under any Health Maintenance Organization (HMO); or
Any mandatory automobile insurance (such as no-fault) providing benefits under a medical expense reimbursement provision for health care services because of Injuries arising out of a motor vehicle accident and any other medical and liability benefits received under any automobile policy.

**Application to Benefit Determinations**
The plan that pays first according to the rules in the section entitled “Order of Benefit Determination” will pay as if there were no other plan involved. When this Plan is the secondary payer, the combination of payment from both plans cannot exceed this Plan’s maximum allowable benefit. When there is a conflict in the order of benefit determination, this Plan will never pay more than 50% of allowable expenses.

**Order of Benefit Determination**
For the purposes of the section entitled “Application to Benefit Determinations,” the rules establishing the order of benefit determination are listed below. The Plan will consider these rules in the order in which they are listed and will apply the first rule that satisfies the circumstances of the claim:

1. A plan without a coordinating provision will always be the primary plan.
2. The plan covering the person directly rather than as an employee’s Dependent is primary and the other plans are secondary.
3. Active/laid-off or Retirees: A plan will be primary if it covers a person as an active Employee and secondary if it covers the person (i) as a former Employee, (ii) as a Retiree, or (iii) as an individual who has elected to continue benefits pursuant to the COBRA Continuation Coverage section under the Plan.
4. Dependent children of parents not separated or divorced or unmarried parents living together: The plan covering the parent whose birthday falls earlier in the year pays first. The plan covering the parent whose birthday falls later in the year pays second. If both parents share the same date of birth, the plan covering the individual for the longer period of time is primary.
5. Dependent children of divorced parents: In the absence of court-determined responsibility, the plan covering the parent with custody is primary. If the parent without custody has court-determined responsibility, but does not have health benefits available for children, then the plan covering the parent with custody is primary.

When Medicare is the primary payor, the Plan will pay secondary to the extent the benefit is a Covered Expense under the Plan (meaning that the Plan will base its payment upon benefits allowable by Medicare).

In accordance with federal law, the following rules apply in determining whether Medicare or Plan coverage is primary health care coverage:

1. The Working Aged Rule: Medicare benefits are secondary to benefits payable under the Plan for individuals entitled to Medicare due to being age 65 or over and who have Plan coverage as a result of his or her current employment status (or the current employment status of a Spouse). When you or your Spouse become eligible for Medicare due to the attainment of age 65, you or your Spouse may still be eligible for benefits provided under the Plan based on your current employment status.

   If, as a result, you have or your Spouse has primary coverage under the Plan, the Plan will pay the portion of your Incurred expenses that are normally covered by the Plan. All or part of the remaining amount, if any, may be paid by Medicare if the expenses are covered expenses under Medicare and the portion of the expenses covered by Medicare exceeds the portion covered by the Plan. If the expenses are not covered by the Plan but are Medicare-covered expenses, then Medicare will process its payment of the expenses as if you do not have Plan coverage.
(2) The Working Disabled Rule: Medicare benefits are secondary to benefits payable under the Plan for covered individuals under age 65 entitled to Medicare on the basis of disability (other than end-stage renal disease) and who are covered under the Plan as a result of current employment status with an employer. That is, if you or your Dependents are covered by the Plan based on your current employment status, Medicare benefits are secondary for you or your covered Dependents entitled to Medicare on the basis of disability (other than end-stage renal disease). In this case the Plan is primary.

(3) End-Stage Renal Disease Rule: Medicare benefits are secondary to benefits payable under the Plan for covered individuals eligible for or entitled to Medicare benefits on the basis of end-stage renal disease ("ESRD"), for a period not to exceed 30 months generally beginning the first day of the month of eligibility or entitlement to Medicare due to ESRD. (Special rules apply if you were entitled to Medicare based on age or disability prior to becoming eligible for Medicare due to ESRD.) Because an ESRD patient can have up to a three-month wait to obtain Medicare coverage, the Plan's primary payment responsibility may vary up to three months. If the basis of your entitlement to Medicare changes from ESRD to age or disability, the Plan's primary payment responsibility may terminate on the month before the month in which the change is effective and the rules set forth above, if applicable, will apply. Your Employer can provide you with more detailed information on how this rule works.

Medicare and COBRA
For most COBRA beneficiaries (e.g., the working aged or disabled Medicare beneficiaries), Medicare rules state that Medicare will be primary to COBRA continuation coverage and this would apply to this Plan's Continuation of Benefits (COBRA) coverage. For an ESRD-related Medicare beneficiary, COBRA continuation coverage (if elected) is generally primary to Medicare during the 30-month coordination period.

Coordination of Benefits with TRICARE
The Plan at all times will be operated in accordance with any applicable TRICARE secondary payer and nondiscrimination rules issued by the Department of Defense.
SUBROGATION, THIRD-PARTY RECOVERY AND REIMBURSEMENT

Payment Condition

(1) The Plan, in its sole discretion, may elect to conditionally advance payment of benefits in those situations where an Injury, Illness, disease or disability is caused in whole or in part by, or results from the acts or omissions of you and/or your Dependents, plan beneficiaries and/or their Dependents, beneficiaries, estate, heirs, guardian, personal representative, or assigns (collectively referred to hereinafter in this section as “Covered Person”) or a third party, where any party besides the Plan may be responsible for expenses arising from an incident, and/or other insurance or other funds are available, including but not limited to no-fault, uninsured motorist, underinsured motorist, medical payment provisions, third party assets, third party insurance, and/or guarantor(s) of a third party (collectively “Coverage”).

(2) The Covered Person, his or her attorney, and/or legal guardian of a minor or incapacitated individual agrees that acceptance of the Plan’s conditional payment of medical benefits is constructive notice of these provisions in their entirety and agrees to maintain 100% of the Plan’s conditional payment of benefits or the full extent of payment from any one or combination of first and third party sources in trust, without disruption except for reimbursement to the Plan or the Plan’s assignee. By accepting benefits the Covered Person agrees the Plan shall have an equitable lien on any funds received by the Covered Person and/or their attorney from any source and said funds shall be held in trust until such time as the obligations under this provision are fully satisfied. The Covered Person agrees to include the Plan’s name as a co-payee on any and all settlement drafts. Further, by accepting benefits the Covered Person understands that any recovery obtained pursuant to this section is an asset of the Plan to the extent of the amount of benefits paid by the Plan and that the Covered Person shall be a trustee over those Plan assets.

(3) In the event a Covered Person settles, recovers or is reimbursed by any Coverage, the Covered Person agrees to reimburse the Plan for all benefits paid or that will be paid by the Plan on behalf of the Covered Person. If the Covered Person fails to reimburse the Plan out of any judgment or settlement received, the Covered Person will be responsible for any and all expenses (fees and costs) associated with the Plan’s attempt to recover such money.

(4) If there is more than one party responsible for charges paid by the Plan, or may be responsible for charges paid by the Plan, the Plan will not be required to select a particular party from whom reimbursement is due. Furthermore, unallocated settlement funds meant to compensate multiple injured parties of which the Covered Person is/are only one or a few, that unallocated settlement fund is considered designated as an “identifiable” fund from which the Plan may seek reimbursement.

Subrogation

(1) As a condition to participating in and receiving benefits under this Plan, the Covered Person agrees to assign to the Plan the right to subrogate and pursue any and all claims, causes of action or rights that may arise against any person, corporation or entity and to any Coverage to which the Covered Person is entitled, regardless of how classified or characterized, at the Plan’s discretion, if the Covered Person fails to so pursue such rights or action.

(2) If a Covered Person receives or becomes entitled to receive benefits, an automatic equitable lien attaches in favor of the Plan to any claim, which any Covered Person may have against any Coverage and/or party causing the Illness or Injury to the extent of such conditional payment by the Plan plus reasonable costs of collection. The Covered Person is obligated to notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds. The Covered Person is also obligated to hold any and all funds so received in trust on the Plan’s behalf and function as a trustee as it applies to those funds until the Plan’s rights described herein are honored and the Plan is reimbursed.
The Plan may, at its discretion, in its own name or in the name of the Covered Person, commence a proceeding or pursue a claim against any party or Coverage for the recovery of all damages to the full extent of the value of any such benefits or conditional payments advanced by the Plan.

The Covered Person authorizes the Plan to pursue, sue, compromise and/or settle any such claims in the Covered Persons and/or the Plan's name and agrees to fully cooperate with the Plan in the prosecution of any such claims if the Covered Person fails to file a claim or pursue damages against:

(a) The responsible party, its insurer or any other source on behalf of that party;

(b) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;

(c) Any policy of insurance from any insurance company or guarantor of a third party;

(d) Workers' Compensation or other liability insurance company; or

(e) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.

The Covered Person assigns all rights to the Plan or its assignee to pursue a claim and the recovery of all expenses from any and all sources listed above.

Right of Reimbursement

(1) The Plan shall be entitled to recover 100% of the benefits paid, without deduction for attorneys’ fees and costs or application of the common fund doctrine, make whole doctrine, or any other similar legal theory, without regard to whether the Covered Person is fully compensated by his or her recovery from all sources. The Plan shall have an equitable lien which supersedes all common law or statutory rules, doctrines, and laws of any State prohibiting assignment of rights which interferes with or compromises in any way the Plan’s equitable lien and right to reimbursement. The obligation to reimburse the Plan in full exists regardless of how the judgment or settlement is classified and whether or not the judgment or settlement specifically designates the recovery or a portion of it as including medical, disability, or other expenses. If the Covered Persons’ recovery is less than the benefits paid, then the Plan is entitled to be paid all of the recovery achieved. Any funds received by the Covered Person are deemed held in constructive trust and should not be dissipated or disbursed until such time as the Covered Person’s obligation to reimburse the Plan has been satisfied in accordance with these provisions. The Covered Person is also obligated to hold any and all funds received in trust on the Plan’s behalf and function as a trustee as it applies to those funds until the Plan’s rights described herein are honored and the Plan is reimbursed.

(2) No court costs, experts’ fees, attorneys’ fees, filing fees, or other costs or expenses of litigation may be deducted from the Plan’s recovery without the prior, express written consent of the Plan.

(3) The Plan’s right of subrogation and reimbursement will not be reduced or affected as a result of any fault or claim on the part of the Covered Person, whether under the doctrines of causation, comparative fault or contributory negligence, or other similar doctrine in law. Accordingly, any lien reduction statutes, which attempt to apply such laws and reduce a subrogating Plan’s recovery will not be applicable to the Plan and will not reduce the Plan’s reimbursement rights.

(4) These rights of subrogation and reimbursement shall apply without regard to whether any separate written acknowledgment of these rights is required by the Plan and signed by the Covered Person.

(5) This provision shall not limit any other remedies of the Plan provided by law. These rights of subrogation and reimbursement shall apply without regard to the location of the event that led to or caused the applicable Illness, Injury, Disease or disability.
Covered Person is a Trustee Over Plan Assets

(1) Any Covered Person who receives benefits and is therefore subject to the terms of this section is hereby deemed a recipient and holder of Plan assets and is therefore deemed a trustee of the Plan solely as it relates to possession of any funds which may be owed to the Plan as a result of any settlement, judgment or recovery through any other means arising from any Injury or Accident. By virtue of this status, the Covered Person understands that he/she is required to:

(a) Notify the Plan or its authorized representative of any settlement prior to finalization of the settlement, execution of a release, or receipt of applicable funds;

(b) Instruct his/her attorney to ensure that the Plan and/or its authorized representative is included as a payee on all settlement drafts;

(c) In circumstances where the Covered Person is not represented by an attorney, instruct the insurance company or any third party from whom the Covered Person obtains a settlement, judgment or other source of Coverage to include the Plan or its authorized representative as a payee on the settlement draft; and,

(d) Hold any and all funds so received in trust, on the Plan’s behalf, and function as a trustee as it applies to those funds, until the Plan’s rights described herein are honored and the Plan is reimbursed.

(2) To the extent the Covered Person disputes this obligation to the Plan under this section, the Covered Person or any of its agents or representatives is also required to hold any/all settlement funds, including the entire settlement if the settlement is less than the Plan’s interests, and without reduction in consideration of attorneys’ fees, for which he/she exercises control, in an account segregated from their general accounts or general assets until such time as the dispute is resolved.

(3) No Covered Person, beneficiary, or the agents or representatives thereof, exercising control over plan assets and incurring trustee responsibility in accordance with this section will have any authority to accept any reduction of the Plan’s interest on the Plan’s behalf.

Excess Insurance

If at the time of Injury, Illness, disease or disability, there is available or potentially available any coverage (including but not limited to coverage resulting from a judgment at law or settlements), the benefits under this Plan shall apply only as an excess over such other sources of coverage, except as otherwise provided for under the Plan’s “Coordination of Benefits” section.

The Plan’s benefits shall be excess to any of the following:

(1) The responsible party, its insurer or any other source on behalf of that party;

(2) Any first party insurance through medical payment coverage, personal injury protection, no-fault coverage, uninsured or underinsured motorist coverage;

(3) Any policy of insurance from any insurance company or guarantor of a third party;

(4) Workers’ Compensation or other liability insurance company; or

(5) Any other source, including but not limited to crime victim restitution funds, any medical, disability or other benefit payments and school insurance coverage.
Separation of Funds

Benefits paid by the Plan, funds recovered by the Covered Person and funds held in trust over which the Plan has an equitable lien exist separately from the property and estate of the Covered Person, such that the death of the Covered Person or filing of bankruptcy by the Covered Person, will not affect the Plan’s equitable lien, the funds over which the Plan has a lien or the Plan’s right to subrogation and reimbursement.

Wrongful Death

In the event that the Covered Person dies as a result of his or her Injuries and a wrongful death or survivor claim is asserted against a third party or any Coverage, the Plan’s subrogation and reimbursement rights shall still apply, and the entity pursuing said claim shall honor and enforce these Plan rights and terms by which benefits are paid on behalf of the Covered Person(s) and all others that benefit from such payment.

Obligations

1. It is the Covered Person’s obligation at all times, both prior to and after payment of medical benefits by the Plan:
   (a) To cooperate with the Plan or any representatives of the Plan, in protecting its rights, including discovery, attending depositions and cooperating in trial to preserve the Plan’s rights;
   (b) To provide the Plan with pertinent information regarding the Illness, disease, disability or Injury, including Accident reports, settlement information and any other requested additional information;
   (c) To take such action and execute such documents as the Plan may require to facilitate enforcement of its subrogation and reimbursement rights;
   (d) To do nothing to prejudice the Plan’s rights of subrogation and reimbursement;
   (e) To promptly reimburse the Plan when a recovery through settlement, judgment, award or other payment is received;
   (f) To notify the Plan or its authorized representative of any settlement prior to finalization of the settlement;
   (g) To not settle or release, without the prior consent of the Plan, any claim to the extent that the Covered Person may have against any responsible party or coverage;
   (h) To instruct his/her attorney to ensure that the Plan or its authorized representative is included as a payee on any settlement draft;
   (i) In circumstances where the Covered Person is not represented by an attorney, instruct the insurance company or any third party from whom the Covered Person obtains a settlement to include the Plan or its authorized representative as a payee on the settlement draft; and
   (j) To make good faith efforts to prevent disbursement of settlement funds until such time as any dispute between the Plan and Covered Person over settlement funds is resolved.

2. If the Covered Person and/or his or her attorney fails to reimburse the Plan for all benefits paid or to be paid, as a result of said Injury or condition, out of any proceeds, judgment or settlement received, the Covered Person will be responsible for any and all expenses (whether fees or costs) associated with the Plan’s attempt to recover such money from the Covered Person.

3. The Plan’s rights to reimbursement and/or subrogation are in no way dependent upon the Covered Persons’ cooperation or adherence to these terms.
Offset

If timely repayment is not made, or the Covered Person and/or his or her attorney fails to comply with any of the requirements of the Plan, the Plan has the right, in addition to any other lawful means of recovery, to deduct the value of the Covered Person’s amount owed to the Plan. To do this, the Plan may refuse payment of any future medical benefits and any funds or payments due under this Plan on behalf of the Covered Person in an amount equivalent to any outstanding amounts owed by the Covered Person to the Plan. This provision applies even if the Covered Person has disbursed settlement funds.

Minor Status

(1) In the event the Covered Person is a minor as that term is defined by applicable law, the minor’s parents or court-appointed guardian shall cooperate in any and all actions by the Plan to seek and obtain requisite court approval to bind the minor and his or her estate insofar as these subrogation and reimbursement provisions are concerned.

(2) If the minor’s parents or court-appointed guardian fail to take such action, the Plan shall have no obligation to advance payment of medical benefits on behalf of the minor. Any court costs or legal fees associated with obtaining such approval shall be paid by the minor’s parents or court-appointed guardian.

Language Interpretation

The Plan Sponsor retains sole, full and final discretionary authority to construe and interpret the language of this provision, to determine all questions of fact and law arising under this provision and to administer the Plan’s subrogation and reimbursement rights.

Severability

In the event that any section of this provision is considered invalid or illegal for any reason, said invalidity or illegality shall not affect the remaining sections of this provision and Plan. The section shall be fully severable. The Plan shall be construed and enforced as if such invalid or illegal sections had never been inserted in the Plan.

Notwithstanding anything contained herein to the contrary, to the extent this Plan is not governed by ERISA, the Plan’s right to subrogation and reimbursement may be subject to applicable State subrogation laws.

The Plan Administrator must make an independent evaluation of the Experimental or non-Experimental standings of specific technologies. The Plan Administrator shall be guided by a reasonable interpretation of Plan provisions. The decisions shall be made in good faith and rendered following a detailed factual background investigation of the claim and the proposed treatment. The decision of the Plan Administrator will be final and binding on the Plan. In addition to the above, the Plan Administrator will be guided by the following principles to determine whether a proposed treatment is deemed to be Experimental and/or Investigational:

1. If the drug or device cannot be lawfully marketed without approval of the U.S. Food and Drug Administration (FDA) and approval for marketing has not been given at the time the drug or device is furnished, then it is deemed to be Experimental and/or Investigational; or
2. If the drug, device, medical treatment or procedure or the patient informed consent document utilized with the drug, device, treatment or procedure, was reviewed and approved by the treating facility's Institutional Review Board or other body serving a similar function or if federal law requires such review or approval, then it is deemed to be Experimental and/or Investigational; or
3. If Reliable Evidence shows that the drug, device, medical treatment or procedure is the subject of on-going Phase I or Phase II clinical trials or is the subject of the research, Experimental, study, Investigational or other arm of on-going Phase III clinical trials or is otherwise under study to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis, then it is deemed to be Experimental and/or Investigational; or
If Reliable Evidence shows that the prevailing opinion among experts regarding the drug, device, medical treatment or procedure is that further studies or clinical trials are necessary to determine its maximum tolerated dose, its toxicity, its safety, its efficacy or its efficacy as compared with a standard means of treatment or diagnosis, then it is deemed to be Experimental and/or Investigational.

Reliable Evidence shall mean only published reports and articles in the authoritative medical and scientific literature; the written protocol or protocols used by the treating facility or the protocol(s) of another facility studying substantially the same drug, service, medical treatment or procedure; or the written informed consent used by the treating facility or by another facility studying substantially the same drug, device, medical treatment or procedure.

Drugs are considered Experimental if they are not commercially available for purchase and/or they are not approved by the FDA for general use.

This Plan excludes coverage for any Injury or Illness that is eligible for coverage under any Workers’ Compensation policy or law regardless of the date of onset of such Injury or Illness. However, if benefits are paid by the Plan and it is later determined that you received or are eligible to receive Workers’ Compensation coverage for the same Injury or Illness, the Plan is entitled to full recovery for the benefits it has paid. This exclusion applies to past and future expenses for the Injury or Illness regardless of the amount or terms of any settlement you receive from Workers’ Compensation. The Plan will exercise its right to recover against you. The Plan reserves its right to exercise its rights under this section and the section entitled “Recovery of Payment” even though:

1. The Workers’ Compensation benefits are in dispute or are made by means of settlement or compromise;
2. No final determination is made that the Injury or Illness was sustained in the course of or resulted from your employment;
3. The amount of Workers’ Compensation benefits due specifically to health care expense is not agreed upon or defined by you or the Workers’ Compensation carrier; or
4. The health care expense is specifically excluded from the Workers’ Compensation settlement or compromise.

You are required to notify the Plan Administrator immediately when you file a claim for coverage under Workers’ Compensation if a claim for the same Injury or Illness is or has been filed with this Plan. Failure to do so or to reimburse the Plan for any expenses it has paid for which coverage is available through Workers’ Compensation, will be considered a fraudulent claim and you will be subject to any and all remedies available to the Plan for recovery and disciplinary action.
HIPAA PRIVACY PRACTICES

The following is a description of certain rules that apply to the Plan Sponsor regarding uses and disclosures of your health information.

Disclosure of Summary Health Information to the Plan Sponsor
In accordance with HIPAA’s standards for privacy of individually identifiable health information (the “privacy standards”), the Plan may disclose summary health information to the Plan Sponsor, if the Plan Sponsor requests the summary health information for the purpose of:

1. Obtaining premium bids from health plans for providing health insurance coverage under this Plan; or
2. Modifying, amending or terminating the Plan.

“Summary health information” is information, which may include individually identifiable health information, that summarizes the claims history, claims expenses or the type of claims experienced by individuals in the Plan, but that excludes all identifiers that must be removed for the information to be de-identified, except that it may contain geographic information to the extent that it is aggregated by five-digit zip code.

Disclosure of Protected Health Information (“PHI”) to the Plan Sponsor for Plan Administration Purposes
Except as described under “Disclosure of Summary Health Information to the Plan Sponsor” above or under “Disclosure of Certain Enrollment Information to the Plan Sponsor” below or under the terms of an applicable individual authorization, the Plan may disclose PHI to the Plan Sponsor and may permit the disclosure of PHI by a health insurance issuer or HMO with respect to the Plan to the Plan Sponsor only if the Plan Sponsor requires the PHI to administer the Plan. The Plan Sponsor by formally adopting this Plan Document certifies that it agrees to:

1. Not use or further disclose PHI other than as permitted or required by the Plan or as required by law;
2. Ensure that any agents to whom the Plan Sponsor provides PHI received from the Plan agree to the same restrictions and conditions that apply to the Plan Sponsor with respect to such PHI;
3. Not use or disclose PHI for employment-related actions and decisions or in connection with any other benefit or employee benefit plan of the Plan Sponsor;
4. Report to the Plan any PHI use or disclosure that is inconsistent with the uses or disclosures provided for of which the Plan Sponsor becomes aware;
5. Make available PHI in accordance with section 164.524 of the privacy standards;
6. Make available PHI for amendment and incorporate any amendments to PHI in accordance with section 164.526 of the privacy standards;
7. Make available the information required to provide an accounting of disclosures in accordance with section 164.528 of the privacy standards;
8. Make its internal practices, books and records relating to the use and disclosure of PHI received from the Plan available to the U.S. Department of Health and Human Services (“HHS”), for purposes of determining compliance by the Plan with part 164, subpart E, of the privacy standards;
9. If feasible, return or destroy all PHI received from the Plan that the Plan Sponsor still maintains in any form and retain no copies of such PHI when no longer needed for the purpose for which disclosure was made, except that, if such return or destruction is not feasible, limit further uses and disclosures to those purposes that make the return or destruction of the PHI infeasible; and

13935-0117 98 v.082016
(10) Ensure that adequate separation between the Plan and the Plan Sponsor, as required in section 164.504(f)(2)(iii) of the privacy standards, is established as follows:

(a) The Plan Sponsor shall only allow certain named employees or classes of employees or other persons under control of the Plan Sponsor who have been designated to carry out plan administration functions, access to PHI. The Plan Sponsor will maintain a list of those persons and that list is incorporated into this document by this reference. The access to and use of PHI by any such individuals shall be restricted to plan administration functions that the Plan Sponsor performs for the Plan.

(b) In the event any of the individuals described in (a) above do not comply with the provisions of the Plan documents relating to use and disclosure of PHI, the Plan Administrator shall impose reasonable sanctions as necessary, in its discretion. Such sanctions shall be imposed progressively (for example, an oral warning, a written warning, time off without pay and termination), if appropriate and shall be imposed so that they are commensurate with the severity of the violation.

"Plan administration" activities are limited to activities that would meet the definition of payment or health care operations, but do not include functions to modify, amend or terminate the Plan or solicit bids from prospective issuers. "Plan administration" functions include quality assurance, claims processing, auditing, monitoring and management of carve-out plans, such as vision and dental. It does not include any employment-related functions or functions in connection with any other benefit or benefit plans.

The Plan shall disclose PHI to the Plan Sponsor only upon receipt of a certification by the Plan Sponsor that:

(1) The Plan documents have been amended to incorporate the above provisions; and

(2) The Plan Sponsor agrees to comply with such provisions.

Disclosure of Enrollment Information to the Plan Sponsor
Pursuant to section 164.504(f)(1)(iii) of the privacy standards, the Plan may disclose to the Plan Sponsor information on whether an individual is participating in the Plan or is enrolled in or has disenrolled from a health insurance issuer or health maintenance organization offered under the Plan.

Disclosure of PHI to Obtain Stop-loss or Excess Loss Coverage; Disclosures of Genetic Information
Except as otherwise provided below, the Plan Sponsor hereby authorizes and directs the Plan, through the Plan Administrator or the Third Party Administrator, to disclose PHI to stop-loss carriers, excess loss carriers or managing general underwriters ("MGUs") for underwriting and other purposes in order to obtain and maintain stop-loss or excess loss coverage related to benefit claims under the Plan. Such disclosures shall be made in accordance with the privacy standards.

The Plan will not use or disclose genetic information, including information about genetic testing and family medical history, for underwriting purposes. The Plan may use or disclose PHI for underwriting purposes, assuming the use or disclosure is otherwise permitted under the privacy standards and other applicable law, but any PHI that is used or disclosed for underwriting purposes will not include genetic information.

"Underwriting purposes" is defined for this purpose under federal law and generally includes any Plan rules relating to (1) eligibility for benefits under the Plan (including changes in deductibles or other cost-sharing requirements in return for activities such as completing a health risk assessment or participating in a wellness program); (2) the computation of premium or contribution amounts under the Plan (including discounts or payments or differences in premiums based on activities such as completing a health risk assessment or participating in a wellness program); and (3) other activities related to the creation, renewal, or replacement of a contract for health insurance or health benefits. However, "underwriting purposes" does not include rules relating to the determination of whether a particular expense or claim is medically appropriate.
HIPAA SECURITY PRACTICES

Disclosure of Electronic Protected Health Information ("Electronic PHI") to the Plan Sponsor for Plan Administration Functions

In accordance with HIPAA’s standards for security (the “security standards”), to enable the Plan Sponsor to receive and use Electronic PHI for Plan administration functions (as defined in 45 CFR § 164.504(a)), the Plan Sponsor agrees to:

1. Implement and maintain administrative, physical and technical safeguards that reasonably and appropriately protect the confidentiality, integrity and availability of the Electronic PHI that it creates, receives, maintains or transmits on behalf of the Plan.

2. Ensure that adequate separation between the Plan and the Plan Sponsor, as required in 45 CFR § 164.504(f)(2)(iii), is supported by reasonable and appropriate Security Measures.

3. Ensure that any agent, including any business associate or subcontractor, to whom the Plan Sponsor provides Electronic PHI created, received, maintained or transmitted on behalf of the Plan, agrees to implement reasonable and appropriate Security Measures to protect the Electronic PHI.

4. Report to the Plan any Security Incident of which it becomes aware.

5. The Plan Sponsor will promptly report to the Plan any breach of unsecured Protected Health Information of which it becomes aware in a manner that will facilitate the Plan’s compliance with the breach reporting requirements of the HITECH Act, based on regulations or other applicable guidance issued by the Department of Health and Human Services.

Any terms not otherwise defined in this section shall have the meanings set forth in the security standards.
