II. Logging into Banweb

The NMIMT Banweb system is a secure way to use Banner Web for Employees. This allows employees to see personal information. This is where employees access their time sheets and enter hours worked and/or exception time taken.

A. Locating Banweb

Banweb can be found by going to the NMIMT webpage just below the Emergency Notification link and following the New Mexico Tech Banweb link. The website for Banweb is [http://banweb7.nmt.edu](http://banweb7.nmt.edu).
B. Logging In

To enter Banweb click on Enter Secure Area, which goes to the User Login screen.

Enter User ID. The Tech ID starts with a “9.” This number can also be found on your check stub.
Enter the PIN. The Personal Identification Number (PIN) can be obtained through the Registrars Office by emailing registrar@admin.nmt.edu.

**DO NOT** give anyone your PIN. As with any other secure site your log on information is for your use only.

### C. Changing Your Pin
There are many reasons to change your PIN. One possibility is you are required to reset it.

1. Re-enter old PIN
2. New PIN
3. Re-enter new PIN

### D. Login Verification Security Question and Answer
Once you have successfully gone through the login, for the first time you may be asked to set up a “Forgot PIN” security question. This only happens once during your initial sign-in to Banweb. This may also be used if you need to reset your PIN. If for some reason the PIN does not work contact the Registrars Office by emailing registrar@admin.nmt.edu to request that they reset your PIN.

### E. Banweb Menu
Once you have successfully logged into Banweb your main menu will appear. Depending on your access, you may see the following tabs or links:
