Student ___________________________________________ (Date)

Instructor _________________________________________ (Date)

Advisor ___________________________________________ (Date)

Financial Aid ______________________________________ (Date) (Required for ALL Students)

Graduate Office ___________________________________ (Date) (Graduate Students Only)

Revised: 04/2012
“AUDITING” A CLASS – Taking a course to learn the subject but do not earn a letter grade or receive any credit. You will receive a grade of either SATISFACTORY AUDIT (SA) or UNSATISFACTORY AUDIT (UA) as determined by the instructor, but NO CREDIT. All tuition and fees still apply for Audits. Professors may expect you to attend class, be prepared and take exams-please discuss requirements with your professor. These hours could affect Financial Aid as you are required to register for 12 hours or more to be considered full-time (undergraduates). Please check with Financial Aid before you consider this change. You can take the same class at an “approved” college and get transfer credits; however the “SA” or “UA” stays on your transcript.
