

## **From the Office of the President**

*Wednesday, September 13, 2017*

New Mexico Tech Students, Faculty and Staff,

Today we mourn the loss of New Mexico's longest serving United States Senator, Pete Domenici. He served our state admirably in the U.S. Senate from 1973-2009. Just as he was a steward of New Mexico, Senator Domenici was equally a champion of New Mexico Tech and its initiatives. He will be forever remembered for his contributions to the growth and success of our institution and greatly missed.

Sincerely,

Dr. Stephen Wells  
President
