SECTION II - GENERAL TERMS AND CONDITIONS

A. LIMITATIONS: Use of the rates set forth under Section I is subject to any statutory or administrative limitations and is applicable to a given grant, contract or other agreement only to the extent that funds are available and consistent with any and all limitations of cost clauses or provisions, if any, contained therein. Acceptance of any or all of the rates agreed to herein is predicated upon all the following conditions: (1) that no costs other than those incurred by the grantee/contractor were included in its indirect cost pool as finally accepted and that all such costs are legal obligations of the grantee/contractor and allowable under governing cost principles; (2) that the same costs that have been treated as indirect costs are not claimed as direct costs; (3) that similar types of costs, in like circumstances, have been accorded consistent accounting treatment; (4) that the information provided by the contractor/grantee, which was used as the basis for the acceptance of the rates agreed to herein and expressly relied upon by the Government in negotiating the said rates, is not subsequently found to be materially incomplete or inaccurate and (5) the information provided by the contractor/grantee, which was used as the basis for the acceptance of building depreciation cost in the rates agreed to herein and expressly relied upon by the Government in negotiating the said rates, is not subsequently found to be materially incomplete or inaccurate.

B. ACCOUNTING CHANGES: The rates contained in Section I of this agreement are based on the accounting system in effect at the time this agreement was negotiated. Changes to the method(s) of accounting for costs, which affects the amount of reimbursement resulting from the use of these rates, require the written approval of the authorized representative of the cognizant negotiating agency for the Government prior to implementation of any such changes. Such changes include but are not limited to changes in the charging of a particular type of cost from indirect to direct. Failure to obtain such approval may result in subsequent cost disallowances.

C. FIXED RATES WITH CARRY-FORWARD PROVISIONS: The fixed rates contained in this agreement are based on estimates of the costs for FY 2014. When actual costs for this fiscal year are determined, adjustments will be applied to the next subsequent rate negotiation to recognize the difference between the FY 2014 estimated costs used to establish the fixed rates and the negotiated actual FY 2014 costs.

D. Carry Forward Amounts: The below carry-forward amounts were included in the establishment of the FY 2014 rates. *Note: () represents over-recovery*

F. APPLICATION OF INDIRECT COST RATES TO DOD CONTRACTS/ SUBCONTRACTS: Signature of this agreement by the authorized representatives of NM Tech and the Government, acknowledges and affirms the institution's request for waiver of the prohibition contained in DFARS 231.303(1) and the Government's exercise of its discretion under DFARS 231.303(2) to waive the prohibition in DFARS 231.303(1) for all rates except the EMRTC Organized Research rates. The waiver request by NM Tech is made to simplify the institute's overall management of DOD cost reimbursements under DOD contracts.

G. SPECIAL REMARKS:

1. The rates included in Section I are not intended to be applied to Intergovernmental Personnel Act (IPA) costs. If NM Tech elects to seek reimbursement of F&A costs associated with IPA agreements, then the NM Tech and the Office of Naval Research shall establish special a F&A rate for IPA agreements in accordance with the provisions of 2 CFR 220.

2. NM Tech uses off-campus rates on projects for which ninety percent (90%) or more of the expense will be incurred at a location which is beyond the area maintained by components of the operations maintenance organizational units and costs.

3. The Government's agreement with the rates set forth in Section I is not an acceptance of NM Tech's accounting practices or methodologies.
