Preventive dental cleanings can help you keep your mouth free of gum disease. But when periodontal disease strikes, you need proven, gentle care that helps you save your smile. Our deep cleanings can help prevent tooth and bone loss caused by gum disease.

- **Restorative Dentistry**

Restoring teeth that have been damaged by trauma, wear, age and tooth decay.

- **Smile Design**
Cosmetic dentistry isn't a one-size-fits-all approach. True smile design takes into account the shape, color and texture of your existing facial features. Dentistry is a combination of mechanical and artistic skill.
- **Dental Implants**
Dental implants are quickly becoming the standard of care for missing teeth and many people are coming from around the state of New Mexico to see Dr. Beers for this critical quality of life improvement.
- **Teeth Whitening**

If you have been looking for a dental home for your child, why not call Tiny Teeth Children's Dentistry at 575-838-3912 today to learn more about our pediatric dental services in Socorro, New Mexico
- **Restorative Dentistry**
Although your child will not have their primary or "baby" teeth forever, they still need to keep their smile healthy until their adult teeth come in. If your child has a problem with one of their primary teeth, Tiny Teeth Children's Dentistry is here to help. Our pediatric dentists, Dr. Stephen M. Cito and Dr. Mike, will be happy to discuss our treatment options.
- **Special Needs Dentistry**
Our pediatric dentists and team members have been trained and certified to treat special needs dental patients in Socorro, New Mexico. We know that special needs dentistry requires more than just addressing oral health problems.
