Overview

Fall Enrollment Overview

The Fall Enrollment component collects student enrollment counts by level of student, enrollment status, gender and race/ethnicity. In addition, first-time students' fall-to-fall retention rates and the student-to-faculty ratio are collected. Enrollment by age is required in odd-numbered years, and enrollment by residence of first-time undergraduates is required in even-numbered years.

Institutions operating on a traditional academic year calendar (semester, trimester, quarter, or 4-1-4) report Fall enrollment as of the institution's official fall reporting date or October 15. Institutions operating on a calendar that differs by program or that enrolls students on a continuous basis (referred to as program reporters) report Fall enrollment as students enrolled any time during the period August 1 and October 31.

Data reporting reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior year reporting.
- Part B, Enrollment of students by age, is optional this year.
- Part C, Residence of first-time degree/certificate-seeking undergraduates, is required this year.
- For reporting students studying in consortium agreements, please refer to the Resource page at <https://nces.ed.gov/ipeds/report-your-data/data-tip-sheet-reporting-data-consortium-institutions>.

Changes in reporting:

The following changes were implemented for the 2024-25 data collection period:

- Added note to Instructions for Part D: Total Undergraduate Entering Class to indicate that high school students enrolled in college courses for credit should not be included in any calculations to determine an institution's entering class. [Applicable to degree-granting institutions only]
- Added a new FAQ to better clarify the relationship between "transfer-in" enrollment status on the Fall Enrollment (EF) and 12-month Enrollment (E12) components and the "non-first-time" cohort on the Outcome Measures (OM) component.
- Revised definition for "Transfer-in student" Glossary term to improve clarity.
- Revised definition for "Non-first-time student (undergraduate)" Glossary term to improve clarity.
- Revised definition for "Continuing/Returning student (undergraduate)" Glossary term to improve clarity.
- Revised definition for "Entering students (undergraduate)" Glossary term to improve clarity.

Fields for which enrollment was reported for Fall 2022 have already been checked; please make sure all listed fields that are offered by your institution are checked.

Note: CIP codes listed below may not reflect all fields of study offered by your institution, therefore the subset of enrollments by CIP codes selected may not sum to your institution's total fall enrollment.

- Reporting Reminders:
- The purpose of this supplemental section is to determine whether institutions are able to report the number of students for whom gender is unknown and the number of students for whom gender does not align with the 'Men' and 'Women' categories. Note that these students must still be allocated into the 'Men' and 'Women' categories in all other sections of the survey component.
 - Institutions should not ask students that do not select a binary gender to allocate themselves to a binary gender category; it is up to the institution to allocate unknown students and students that indicate another gender into the binary categories throughout the forms where required. One method commonly used by institutions is to allocate these students to the binary categories required in other parts of the form using the proportion of men to women reported.
 - The 'gender unknown' category is to report students for whom the institution does not know a gender.

Is your institution able to report another gender for the Fall 2024 reporting period?
If you indicate 'No, my institution is not able to report another gender,' leave the cells in the rows for 'Another gender' blank (i.e., do not report 0). If you indicate 'No, some cells will have a value of less than 5 students,' your institution collects data on another gender, but some cells have a value of less than 5 students, do not report the data and leave the cells in the rows for 'Another gender' blank. If you indicate 'Yes,' but no students identified as another gender, please enter '0'.

- Undergraduate students:
- ☒ No, my institution is not able to report another gender (do not report)
 - ☐ No, some cells will have a value of less than 5 students (do not report)
 - ☐ Yes

- Graduate students:
- ☒ No, my institution is not able to report another gender (do not report)
 - ☐ No, some cells will have a value of less than 5 students (do not report)
 - ☐ Yes

Of the total students reported, how many students did you allocate to a binary gender category (Men/Women) because their gender was unknown or another gender than the provided categories?

Retention Rates - Full-time, First-time Bachelor's Seeking Cohort from Fall 2023

Academic reporters determine the cohort and retention as of the institution's official fall reporting date or as of October 15. Program reporters determine the cohort with enrollment any time between August 1 and October 31, 2023 and retention based on August 1, 2024.

The retention rate is calculated by the system after clicking "Save" on the screen. Exclusions are subtracted from and inclusions are added to the original cohort and the resulting adjusted cohort is used for calculating the retention rate.

- Retention Data Reporting Reminders:
- Include only **full-time, first-time bachelor's-seeking** students in this cohort.
 - Determine the full-time cohort using Fall 2023 status (e.g., if a student was full-time in Fall 2023, report them in the full-time cohort regardless of their Fall 2024 status).
 - If there are no students to report in the cohort, enter zero. Do not leave the field blank.
 - Report in the exclusions box (line E2a) the number of students from the cohort who left the institution for any of the following reasons: died or were totally and permanently disabled; to serve in the armed forces (including those called to active duty); to serve with a foreign aid service of the Federal Government (e.g., Peace Corps); or to serve on official church missions.
 - Report in the inclusion box (line E2b) first-time bachelor's-seeking study abroad students who were excluded from the first-time cohort (line E1) but who have re-enrolled at the institution their second year.

Fall Enrollment Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#) and sent to your institution's CEO at the end of 2025.

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@tti.org.

Fall Enrollment

Source	Description	Severity	Resolved	Options
Screen: Part A - Fall Enrollment by Distance Education Status 2				
Screen Entry	All undergraduate degree/certificate-seeking students exclusively enrolled in distance education courses are not expected to be reported under the same location category. Please correct your data or explain. (Error #6169)	Explanation	Yes	
Reason	These 9 students are enrolled in our Alternative Teaching License program, which at our institution is actually a post-baccalaureate certificate program and as such, the students are classified as graduate students at our institution. However, per IPEDS rules, we've classified them all as undergraduates in this survey.			
Screen: Part E - First-time Bachelor's Cohort Retention Rates (Full-time)				
Screen Entry	The full-time, first-time bachelor's cohort reported in Part E (222) is outside the expected range when compared with the prior year value (Fall 2022 cohort). Please correct your data or explain. (Error #6164)	Explanation	Yes	
Reason	Undergraduate enrollment has been on a downward trend for the past five years. The Fall 2023 cohort was N=222; the Fall 2024 cohort we'll be reporting on next year will be N=185.			
Screen: Part E - First-time Bachelor's Cohort Retention Rates (Part-time)				
Screen Entry	The calculated cohort retention rate is outside the expected range when compared with the prior year value. Please correct your data or explain. (Error #6308)	Explanation	Yes	
Reason	There were no part-time, first-time degree-seeking undergrads enrolled in Fall 2023 so there is no retention rate to report.
