Overview

Outcome Measures Overview

Welcome to the IPEDS Outcome Measures (OM) survey component. The OM component collects award and enrollment data from degree-granting institutions on four undergraduate cohorts and eight undergraduate subcohorts at three status points: four-years, six-years, and eight-years after entry.

The four cohorts of degree/certificate-seeking undergraduates are:

- First-time, full-time entering (FTFT)
- First-time, part-time entering (FTPT)
- Non-first-time, full-time entering (NFTFT)
- Non-first-time, part-time entering (NFTPT)

For each cohort, two subcohort groups have been added to the OM component - Pell Grant recipients and Non-Pell Grant recipients - resulting in eight undergraduate subcohorts.

Data Reporting Reminders:

- Report data to accurately reflect the time period corresponding with the IPEDS survey component, even if such reporting is seemingly inconsistent with prior-year reporting.
- All institutions must report on a **FULL-YEAR** cohort. The OM cohort year is 2017-18. The full-year cohort coverage period is July 1, 2017 - June 30, 2018.
- Institutions will establish their OM cohorts based on their subcohorts of entering Pell Grant recipients and Non-Pell Grant recipients. Institutions should first identify their entering degree/certificate-seeking undergraduates during the cohort coverage period of July 1, 2017 - June 30, 2018, and place each student in the appropriate subcohort. Each student should be reported only once.
- All institutions are required to report transfer-out student data.
- For each status point, institutions will report the highest type of award conferred to a student for each subcohort. The three award categories are certificates, Associate's degree, and Bachelor's degree.
- Institutions should report exclusions for the entire eight year period only on the "Establishing Cohorts" screen. Additional exclusions cannot be reported on the status point screens (i.e., four-years, six-years, or eight-years after entry).
- IPEDS will ask for an estimated time it took to complete the OM component. Include in that estimate the time to review instructions, research data sources (i.e., coordinate with IT and Student Aid offices), complete and review the component, and submit the data.

Changes to reporting:

- No changes for the 2025-26 data collection period.

Important Dates to Remember:

All reporting institutions will report on degree/certificate-seeking undergraduates who entered the 2017-18 cohort year: **(July 1, 2017-June 30, 2018)**.

- Four-year status point was as of **August 31, 2021**
- Six-year status point was as of **August 31, 2023**
- Eight-year status point was as of **August 31, 2025**

Reporting Tips

Carefully read each [OM FAQ](#) before reporting your institution's data.

Establishing Cohorts

2017-18 Entering Undergraduate Cohort

July 1, 2017-June 30, 2018: Full Year

- Begin by identifying your entering degree/certificate-seeking undergraduates for the full year of July 1, 2017 - June 30, 2018.
- Then report each student under one of the eight subcohorts (Pell or Non-Pell Grant recipients FTFT, FTPT, NFTFT, NFTPT).
- Each entering student should be reported only once.
- The four cohorts and total entering students will be calculated based on your subcohort reporting.

NOTE: Once a student is in the cohort, the student remains in the cohort, even if the student's attendance status changes (i.e., full-time to part-time, or vice versa) or if the student drops out, transfers out, or transfers back into the institution during the eight-year period. However, institutions can make adjustments to the cohort for allowable exclusions, which include the death of a student, total and permanent disability, military deployment, or service on an official church mission or with a foreign aid service of the Federal government. Exclusions are for the ENTIRE eight years for the entering 2017-18 cohort.

Award Status at Four Years

Award Status at Four Years After Entry 2017-18 Entering Undergraduate Cohort

(July 1, 2017-June 30, 2018: Full Year)

Directions: From the adjusted 2017-18 cohort, report the number of students who earned an award at four years after entry for each subcohort. Report the highest award earned for each degree/certificate-seeking student for the four-year status point (August 31, 2021) even if a student earns multiple awards.

Undergraduate Students		Adjusted 2017-18 cohort	Number of students conferred an award by your institution (Highest Award by August 31, 2021)			Total number of adjusted cohort that received an award from your institution	Percent of adjusted cohort that received an award from your institution

Award Status at Six Years

Award Status at Six Years After Entry 2017-18 Entering Undergraduate Cohort

(July 1, 2017-June 30, 2018: Full Year)

Directions: From the adjusted 2017-18 cohort, report the number of students who earned an award at six years after entry for each subcohort. Report the highest award earned for each degree/certificate-seeking student for the six-year status point (August 31, 2023) even if a student earns multiple awards.

Award and Enrollment Status at Eight Years

Award and Enrollment Status at Eight Years After Entry: 2017-18 Entering Undergraduate Cohort

(July 1, 2017-June 30, 2018: Full Year)

- From the adjusted 2017-18 cohort, report the number of students who earned an award at eight years after entry for each subcohort.
- Report the highest award earned for each degree/certificate-seeking student for the eight-year status point (August 31, 2025) even if a student earns multiple awards.
- For students who did not receive an award from your institution, first report the number of students who are still enrolled at your institution, and then report the number of students who had enrolled at another institution over the eight-year period.

Note: Subsequent enrollment should be tracked for the entire period of eight years after entry.

 You may use the box below to provide additional context for the data you have reported above. Context notes will be posted on the College Navigator website. Therefore, you should write all context notes using proper grammar (e.g., complete sentences with punctuation) and common language that can be easily understood by students and parents (e.g., spell out acronyms).

Summary

Outcome Measures Component Summary

The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the [College Navigator](#) website and/or your institution's Data Feedback Report (DFR). In addition, all data reported in IPEDS survey components become publicly available through the [IPEDS Use the Data](#) and appear as aggregated statistics in various Department of Education reports. [College Navigator](#) is updated approximately three months after the data collection period closes and DFRs will be available through the [IPEDS Use the Data](#).

Please review your data for accuracy. If you have questions about the data displayed below or after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Outcome Measures

Source	Description	Severity	Resolved	Options
Screen: Award and Enrollment Status at Eight Years				
Screen Entry	You reported 68 full-time first-time students subsequently enrolled at another institution after leaving your institution within 8 years via the OM component, but also reported 74 full-time first-time student transfers within 150% via the 2023-24 GR component. These components report on overlapping portions of the 2017-18 full-time first-time undergraduate student cohort, and we would expect the OM subsequent enrollment count to be greater than or equal to the GR component transfer count. Please review your data and make any necessary corrections or explain the discrepancy. (Error #13432)	Explanation	Yes	
Reason	We report our best estimates at the time of the survey for the students who transfer to other institutions. We cannot actually verify which of said students actually complete their transfers to another institution within the time frame allowed by IPEDS survey deadlines. The number may therefore differ slightly when later, more accurate data becomes available.
