Overview

IPEDS Student Financial Aid Component Overview

Public Academic Reporters

Welcome to the Student Financial Aid (SFA) component of the U.S. Department of Education's Integrated Postsecondary Education Data System (IPEDS). The purpose of the SFA component is to collect information about financial aid provided to various groups of undergraduate students at your institution.

Changes to This Year's SFA Component

- Only one year of data will be collected for existing institutions. New institutions will need to report multiple years of data. Changes to prior years of data must be made in the Prior Year Revision System.
- SFA is now part of the Winter collection. The Winter collection will close for keyholders on February 6, 2013.
- In Part E (data for Group 4), Column 2 has been revised for clarity. It now more clearly matches with the data in Column 3.

Data Reporting Reminders

Groups

Throughout this component, you will be asked to report information for different groups of students.

- **Group 1:** All undergraduate students
- **Group 2:** Of Group 1, full-time, first-time degree/certificate-seeking students
- **Group 3:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any grant/scholarship aid from the federal government, state/local government, or the institution
- **Group 4:** Of Group 2, students who paid the in-state/in-district tuition rate and were awarded any Title IV federal student aid

Consult the instructions and screens to make sure you are reporting the correct aid amounts for the correct groups of students.

College Affordability and Transparency Lists

Net price amounts calculated in SFA will be used to populate the Department's College Affordability and Transparency lists.

Interactive Edits and Error Messages

SFA contains interactive edits that will check for blank fields, invalid values, or values that fall outside expected ranges. Some error messages will require you to confirm or explain the values that you entered. Some error messages are fatal and will require you to contact the IPEDS Help Desk at 1-877-225-2568 for resolution.

Context Boxes

You will find optional text boxes throughout SFA. Context boxes allow you to provide more information about the data you enter. Some of these context boxes may be made available to the public on College Navigator, so make sure that the information you enter can be understood easily by students, parents, and the general public.

Summary**IPEDS Student Financial Aid (SFA) Survey Summary**

IPEDS collects important information regarding your institution. All data reported in IPEDS survey components become available in the IPEDS Data Center and appear as aggregated data in various Department of Education reports. Additionally, some of the reported data appears specifically for your institution through the College Navigator website and is included in your institution's Data Feedback Report (DFR). The purpose of this summary is to provide you an opportunity to view some of the data that, when accepted through the IPEDS quality control process, will appear on the College Navigator website and/or your DFR. College Navigator is updated approximately three months after the data collection period closes and Data Feedback Reports will be available through the ExPT and sent to your institution's CEO in November 2013.

Please review your data for accuracy. If you have questions about the data displayed below after reviewing the data reported on the survey screens, please contact the IPEDS Help Desk at: 1-877-225-2568 or ipedshelp@rti.org.

Student Financial Aid

New Mexico Institute of Mining and Technology (187967)

Source	Description	Severity	Resolved	Options
Screen: Part C, Page 2 - Enter Information about Group 2				
Screen Entry	The average amount of this type of aid awarded to Group 2 students (1,857) is outside the expected range of between 915 and 1,371 when compared with the prior year value. Please check the number of students and the total amount of aid awarded to these students, and fix or explain the discrepant values. (Error #7147)	Explanation	Yes	
Reason:	The number provided is correct. The explanation is too convoluted to provide here.			
Screen: Part D - Enter Information about Group 3				
Screen Entry	The number entered (37) is outside the expected range of between 19 and 35 when compared with the prior year value. Please explain. (Error #7169)	Explanation	Yes	
Reason:	If students are living off-campus, we do not track whether or not they are living with family. Therefore, this number was derived by simple arithmetic (286-249 living on campus = 37 living somewhere off-campus).			
Screen: Part E - Enter Information about Group 4				
Screen Entry	The average amount of grant and scholarship aid from the federal government, state/local government, or the institution awarded to Group 4 students for this income level is smaller than expected in comparison with the other income levels. Please check the values entered for the number of these students who were awarded any Title IV aid (Col. 1) and the total amount of grant or scholarship aid awarded to them (Col. 3) and correct your data or explain the discrepancy. (Error #7317)	Explanation	Yes	
Reason:	Apparently, two students in this income level did not receive any of the aid described in Col. 2. At this income level, these students would only be receiving institutional and state scholarships; perhaps they did not have adequate grades to receive such scholarships.			
Screen Entry	The total number of Group 4 students who were awarded any grant aid across all income levels (155) is outside of the expected range of between 72 and 120 based on the prior year value. Please fix your data or explain the discrepancy. (Error #7334)	Explanation	Yes	
Reason:	The majority of our 1st time, full-time freshmen receive institutional scholarships in addition to any federal Title IV aid they may be eligible to receive.
