

**Graduate**

**Recruiting Event**

## Mechanical Engineering Department

Join us for our all day hybrid recruiting event. This event will feature: presentations about the department, presentations about available research assistantships, tours of the department, and one-on-one meetings with faculty to discuss research opportunities.

**FEB 25, 2022**  
**HYBRID EVENT**

### DEGREES OFFERED

- Doctor of Philosophy (PhD) in Mechanical Engineering
- Master of Science (MS) in Mechanical Engineering
- Master of Engineering (MEng) in Mechanical Engineering
- Graduate Certificate in Explosives Engineering

- 
- Specializations for the MS and MEng degrees in Explosives Engineering, Fluid and Thermal Sciences, Mechatronic Systems, and Solid Mechanics
