YARD SALE

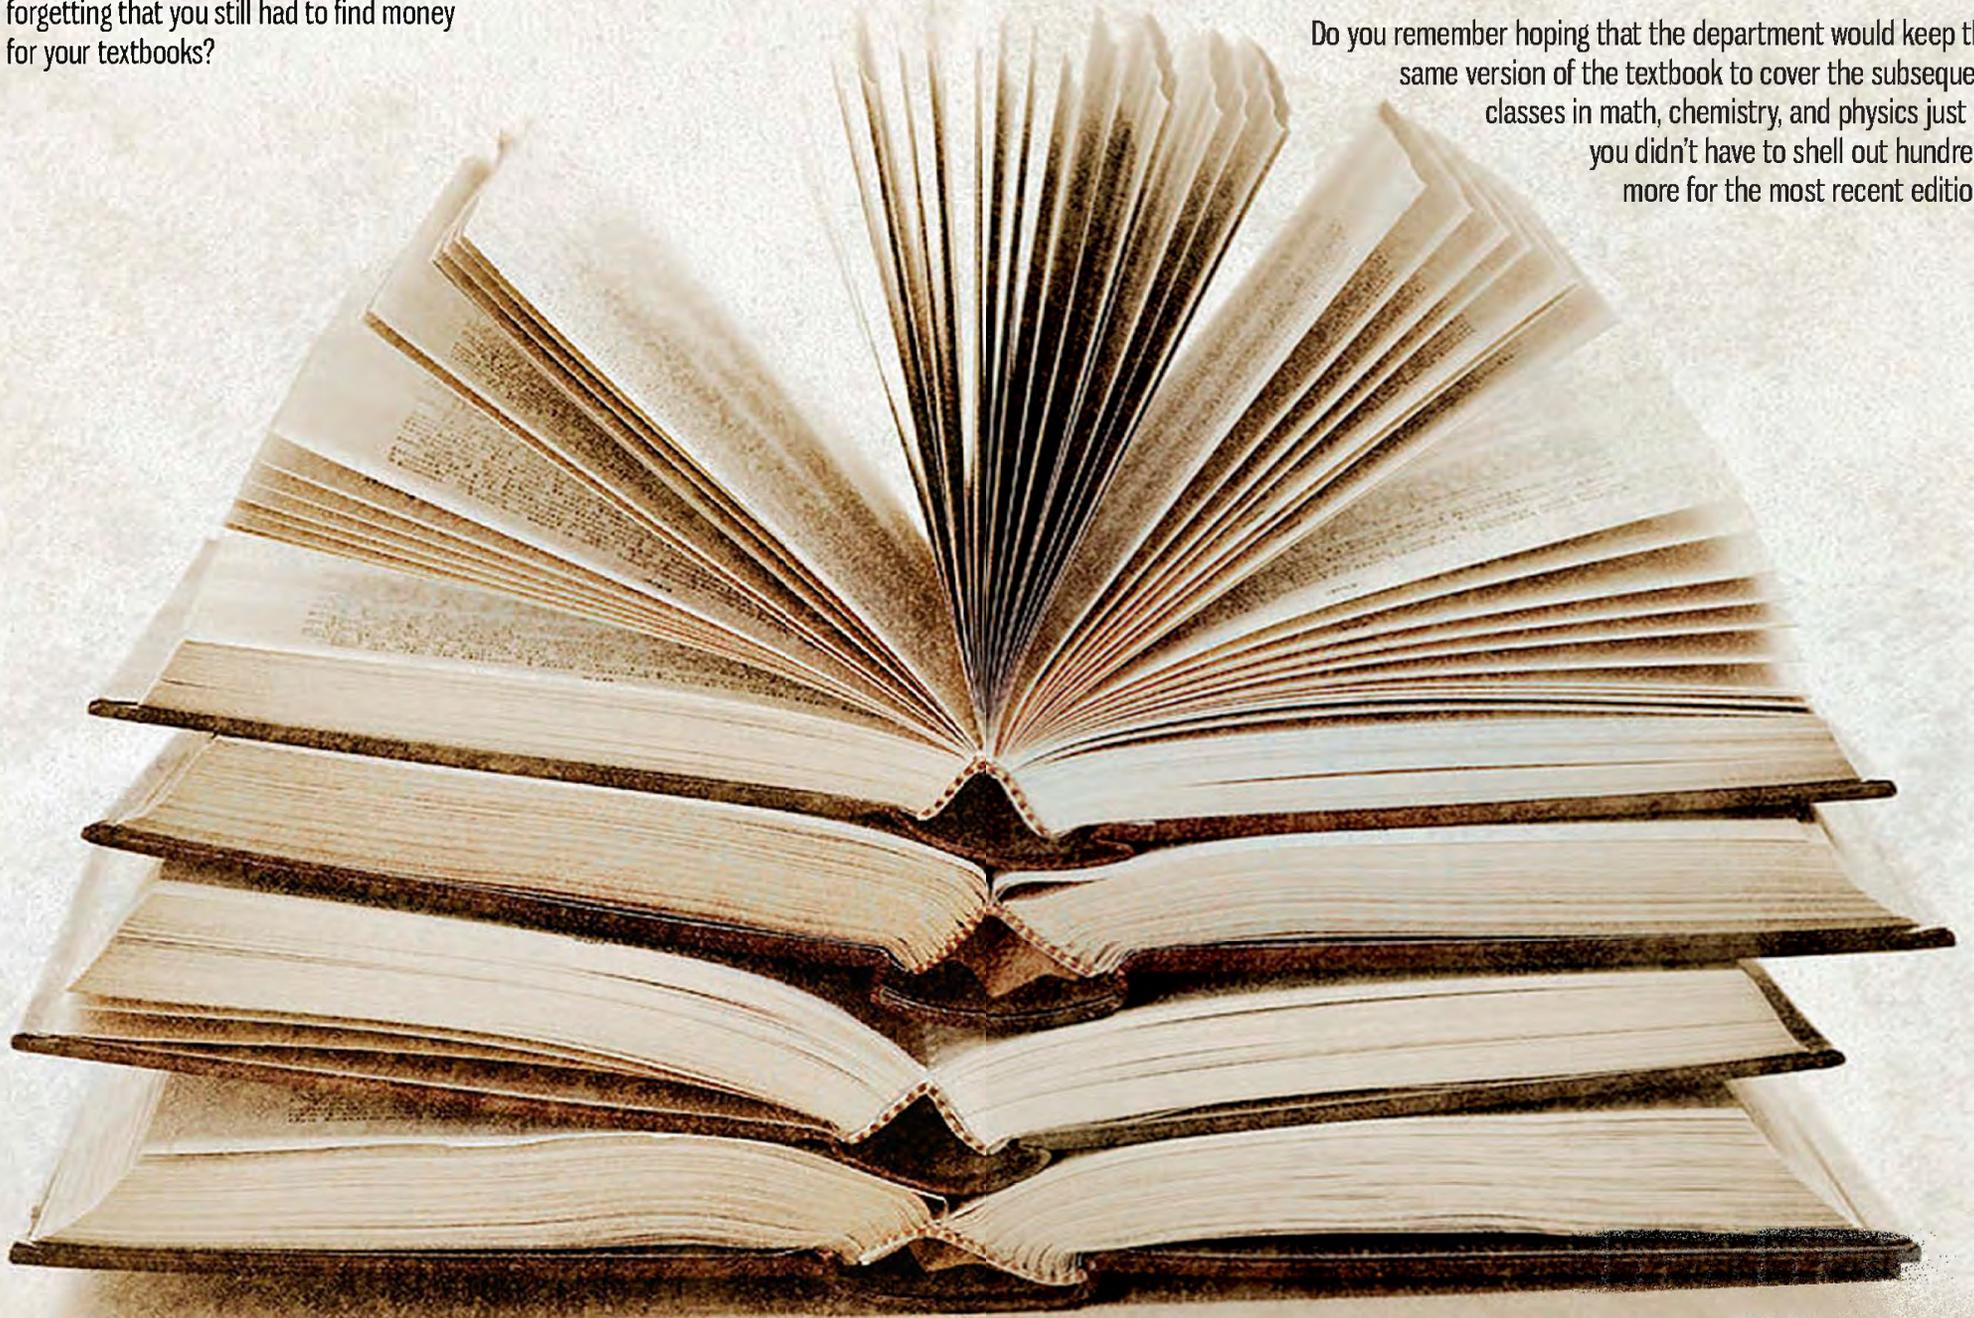

When: APRIL 30 - MAY 1
9 AM - 4 PM

Did you experience sticker shock when you bought your first set of college textbooks?

Do you remember paying your tuition and fees and forgetting that you still had to find money for your textbooks?

Do you remember looking through the used textbooks in the hopes of finding one that was pristine and without someone else's notes, highlights and crumbs?

Do you remember hoping that the department would keep the same version of the textbook to cover the subsequent classes in math, chemistry, and physics just so you didn't have to shell out hundreds more for the most recent edition?

NEW MEXICO TECH FOUNDATION STUDENT TEXTBOOK FUND
