Letter of Addendum

TO: All Offerors

FROM: Lisa Majkowski, Director of Purchasing Services

DATE: 07/02/2026

RE: RFP Number: RFP #27070001 - Amendment No. 3
Commodity: Production and Communications IDIQ

- Q1. Budget and contract structure — Is there a budget ceiling or expected contract value range for this IDIQ, either in total or per task order? Are there preferred or required contractual structures (e.g., a preference for annual subscription agreements vs. straight hourly task orders) we should account for in our pricing approach?
- A1. Please refer to Addendum 2 for further details on the budget and pricing structure.
- Q2. Award volume and expectations — How many vendors do you expect to apply, and how many awards will be made under this IDIQ? Is this solely an on-call/task-order vehicle for future work, or is there a known body of work planned for the first contract year?
- A2. The NMBGMR does not have a predetermined estimate for the number of proposals received or awards to be made. This IDIQ is intended to facilitate future task orders as needs arise; however, specific initial requirements may be outlined in Addendum 2. Please refer to Addendum 2 for further details on the scope and anticipated workflow.
- Q3. Recurring vs. task-order spending — Can platform subscription fees (recurring monthly/annual SaaS costs) or monthly/annual yearly digital solutions hosting and maintenance fee be paid under this IDIQ structure, or does NMIMT's procurement process require all spending to flow through discrete task orders?
- A3. Clearly identify and detail all anticipated annual subscriptions, hosting, and maintenance requirements in the Technical Proposal. The Cost Proposal should include the specific annual rates for these recurring services.

ALL OFFERORS ARE REQUIRED TO CONFIRM THE RECEIPT OF THIS AMENDMENT IN THEIR RESPONSE.
ALL OTHER TERMS AND CONDITIONS OF THE RFP REMAIN UNCHANGED.
