RE: RFB Number: RFP #26050034 - Amendment No. 6
Commodity: Geophysical Data Collection and Processing for Hydrogeological Studies IDIQ

Q1. RFP Section 5.9.1 (Page 6) indicates that changes to the terms and conditions can be proposed and included in the proposal in a section marked "Terms and Conditions". However, Proposal Form "Offer" (page 13 of the RFP) includes the following statement "The Proposer accepts all of the terms and conditions of the Request for Proposal and Instructions to Proposer". Please clarify whether proposed changes can be provided and how to amend the form "Offer" to reflect this.

A1. If a proposer wishes to request modifications to the terms and conditions outlined in the RFP or the sample Professional Services Agreement (Exhibit/Page 18), these must be submitted in a separate section of the Technical Proposal titled "**Terms and Conditions.**"

The "Offer" form does not need to be amended. By signing the form, the proposer is agreeing to follow the instructions of the RFP, which include the mechanism for proposing changes under Section 5.9.

Q2. RFP Section 15 (Page 11) - What are expectations for the proportion of proposed work to include newly collected data vs. integration/synthesis of existing data?

A2. We expect that most (~85%) of the proposed work will be new data collection. Vendors with keen interest in integration/ synthesis of existing data should highlight this interest.

ALL OFFERORS ARE REQUIRED TO CONFIRM THE RECEIPT OF THIS AMENDMENT IN THEIR RESPONSE.
ALL OTHER TERMS AND CONDITIONS OF THE RFP REMAIN UNCHANGED.
