Letter of Addendum

TO: All Bidders

FROM: Kimela Miller, CPO

DATE: 4/22/2024

RE: RFP Number: RFB 2404022I – AV Equipment – Amendment #1

Please note:

This amendment is issued to provide a list of questions which have been received by NM Tech along with our response.

Q1) What is the desired completion date?

A1) There is no established date for completion. It will depend on when the equipment is available to replace the existing equipment.

Q2) Are there restrictions regarding hours of work on-site?

A1) Since the location is remote, you will need to plan ahead so that everything can be done at once. The site is in operation M-F from 8-5 but can accommodate alternative requested times.

Q3) Must alternate products be submitted for approval prior to bid?

A3) If bidding an equal product, include literature regarding the product so NMT can evaluate if the product is a bona fide equal.

All other terms and conditions of the RFB remain unchanged. All Offerors are required to confirm the receipt of this amendment in their RFB response.
