See attached letter from Frank Beahm, Credit Manager at Ping, Inc.

- 5. Provide a detailed, sufficient explanation of the reasons, qualifications or unique capabilities of the prospective vendor that make that prospective vendor the one source for providing the items of tangible property, services, or professional services:**

We purchase Ping products directly at wholesale prices and resale those items in our golf shop at competitive retail prices for profit. We try to provide quality products at competitive prices to give our customers choices in golf equipment such as golf clubs, golf bags, headwear, gloves, towels and accessories. We cannot purchase their products from any other vendor at wholesale prices. Examples of our competitors are other golf courses in the state of New Mexico, Dick's Sporting Goods, The Golf Mart, GolfTec, Club Champion. These competitors cannot sell us Ping products at wholesale prices.

- 6. Provide a detailed, sufficient explanation of how the items of tangible property, services, or professional services is/are unique and how this uniqueness is substantially related to the intended purpose of the department/grant:**

We sell approximately between \$20,000.00 and \$28,000.00 in Ping products for a typical year. Ping holds one of the largest market shares in the categories of golf equipment. New Mexico Tech Golf Course would lose out on opportunities to partner with companies such as Ping that provide products our customers demand. We would also lose out on the revenue and our profit margins from these products being sold at the pro shop. As an approved account holder and a certified PGA club fitter, Ping provides us with their club fitting system to fit customers with clubs.

- 7. Please provide a narrative description department's due diligence in determining a basis for the procurement. Include:**

- a. method used to research and review other available sources (i.e. list of potential vendors from Purchasing, internet, state pricing agreements, purchasing cooperatives)**

Ping is one of the largest major manufacturers of golf equipment in the industry. Ping is a golf club company that is known for custom fitting clubs to a wide range of players from beginners to professionals. We order from a variety of manufacturers based on customer demand and product trends, such as, but not limited to: Callaway, Acushnet, Srixon/Cleveland, TaylorMade, Cobra, etc.

- b. list of vendors contacted, the date and method of contact (i.e. email, phone call)**

There are no other vendors that we can purchase these products through. We can only purchase their products directly through them as they are the sole source vendor and manufacturer of its products.

c. documentation explaining why:

- i. those vendors cannot provide the required items of tangible property, services, or professional services

The company's direct account holders are not authorized to resale the company's products to other vendors or retailers.

- ii. other similar items of tangible property, services, or professional services cannot meet the intended purpose of department/grant:

When our customers request a particular name brand of a club or piece of equipment, they are very specific due to the manufacturer's benefits and features of their product.

I certify I have performed thorough and diligent research and analysis to determine that [Ping Incorporated] is the only source capable of providing the required [Ping golf products]. I understand that violations of the New Mexico Procurement Code (Chapter 13, Article 1 NMSA 1978) can carry severe penalties. I affirm that the information provided in this Sole Source Determination is true and accurate to the best of my knowledge and belief.
