**Update on Chemistry Lab Accident**

Dear Colleagues,

Shortly before I started at Tech, an accident occurred in the Chemistry lab on campus. I was debriefed about the accident last week when I arrived. I wanted to let everyone know we are aware of the situation and that the student is recovering from the accident. They are being assisted by faculty and staff as they navigate completing the semester. We are also assisting the student as they proceed through recovery and look forward to having them back on campus.
