### **CASB DS-2 FOR EDUCATIONAL INSTITUTIONS**

<b>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679 EDUCATIONAL INSTITUTIONS</b>	<b>GENERAL INSTRUCTIONS</b>
---	-----------------------------

1. This Disclosure Statement has been designed to meet the requirements of Public Law 100-679, and persons completing it are to describe the educational institution and its cost accounting practices. For complete regulations, instructions and timing requirements concerning submission of the Disclosure Statement, refer to Section 9903.202 of Chapter 99 of Title 48 CFR (48 CFR 9903).

2. Part I of the Statement provides general information concerning each reporting unit (e.g., segments, business units, and central system or group (intermediate administration) offices). Parts II through VI pertain to the types of costs generally incurred by the segment or business unit directly performing under Federally sponsored agreements (e.g., contracts, grants and cooperative agreements). Part VII pertains to the types of costs that are generally incurred by a central or group office and are allocated to one or more segments performing under Federally sponsored agreements.

3. Each segment or business unit required to disclose its cost accounting practices should complete the Cover Sheet, the Certification, and Parts I through VI.

4. Each central or group office required to disclose its cost accounting practices for measuring, assigning and allocating its costs to segments performing under Federally sponsored agreements should complete the Cover Sheet, the Certification, Part I and Part VII of the Disclosure Statement. Where a central or group office incurs the types of cost covered by Parts IV, V and VI, and the cost amounts allocated to segments performing under Federally sponsored agreements are material, such office(s) should complete Parts IV, V, or VI for such material elements of cost. While a central or group office may have more than one reporting unit submitting Disclosure Statements, only one Statement needs to be submitted to cover the central or group office operations.

5. The Statement must be signed by an authorized signatory of the reporting unit.

6. The Disclosure Statement should be answered by marking the appropriate line or inserting the applicable letter code which describes the segment's (reporting unit's) cost accounting practices.

7. A number of questions in this Statement may need narrative answers requiring more space than is provided. In such instances, the reporting unit should use the attached continuation sheet provided. The continuation sheet may be reproduced locally as needed. The number of the question involved should be indicated and the same coding required to answer the questions in the Statement should be used in presenting the answer on the continuation sheet. Continuation sheets should be inserted at the end of the pertinent Part of the Statement. On each continuation sheet, the reporting unit should enter the next sequential page number for that Part and, on the last continuation sheet used, the words "End of Part" should be inserted after the last entry.

COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679 EDUCATIONAL INSTITUTIONS	GENERAL INSTRUCTIONS
<p>8. Where the cost accounting practice being disclosed is clearly set forth in the Institution's existing written accounting policies and procedures, such documents may be cited on a continuation sheet and incorporated by reference. In such cases, the reporting unit should provide the date of issuance and effective date for each accounting policy and/or procedures document cited. Alternatively, copies of the relevant parts of such documents may be attached as appendices to the pertinent Disclosure Statement Part. Such continuation sheets and appendices should be labeled and cross-referenced with the applicable Disclosure Statement Item number. Any supplementary comments needed to fully describe the cost accounting practice being disclosed should also be provided.</p> <p>9. Disclosure Statements must be amended when disclosed practices are changed to comply with a new CAS or when practices are changed with or without agreement of the Government (Also see 48 CFR 9903.202-31).</p> <p>10. Amendments shall be submitted to the same offices to which submission would have to be made were an original Disclosure Statement being filed.</p> <p>11. Each amendment should be accompanied by an amended cover sheet (indicating revision number and effective date of the change) and a signed certification. For all resubmissions, on each page, insert "Revision Number <input type="text"/>" and "Effective Date <input type="text"/>" in the Item Description block; and, insert "Revised" under each Item Number amended. Resubmitted Disclosure Statements must be accompanied by similar notations identifying the items which have been changed.</p>

DISCLOSURE STATEMENT  
REQUIRED BY PUBLIC LAW 100-678  
EDUCATIONAL INSTITUTIONS**

**PART I - GENERAL INFORMATION**

**NAME OF REPORTING UNIT**

New Mexico Institute of Mining and Technology

Item No.	Item description
1.3.1	Treatment of Unallowable Costs. (Explain on a continuation sheet how unallowable costs and directly associated costs are treated in each allocation base and indirect expense pool, e.g., when allocating costs to a major function or activity; when determining indirect cost rates; or, when a central office or group office allocates costs to a segment.)
1.4.0	<u>Cost Accounting Period:</u> [July 1 through June 30] (Specify the twelve month period used for the accumulation and reporting of costs under Federally sponsored agreements, e.g., 7/1 to 6/30. If the cost accounting period is other than the institution's fiscal year used for financial accounting and reporting purposes, explain circumstances on a continuation sheet.)
1.5.0	<u>State Laws or Regulations.</u> Identify on a continuation sheet any State laws or regulations which influence the institution's cost accounting practices, e.g., State administered pension plans, and any applicable statutory limitations or special agreements on allowance of costs.
<p><b>1/ Describe on a Continuation Sheet.</b></p>	

<b>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679 EDUCATIONAL INSTITUTIONS</b>		<b>CONTINUATION SHEET</b> Part I <b>NAME OF REPORTING UNIT</b> New Mexico Institute of Mining and Technology
<b>Item No.</b>	<b>Item description</b>	
1.1.0	1.1.0 B. Expenses charged to federally sponsored agreements (contracts, grants and cooperative agreements) are recorded in the accounting system on a modified accrual basis which is a combination of cash basis and full accrual basis. This is a governmental accounting method where expenditures are recognized in the period in which the liability is incurred.	
1.2.0	1.2.0 C. The cost accounting system is integrated with financial accounting records (subsidiary cost accounts are controlled by general ledger control accounts) with the exception of indirect costs on cost share funding provided by the university or waived F&A when used as cost share which is reported to the agency by memo entry (memorandum records).	
1.3.0	1.3.0 A. Costs that are not reimbursable as allowable costs under the terms and conditions of federally sponsored agreements are identified by specific account codes (e.g. entertainment costs) or by specific fund (e.g. various auxiliary enterprises) referenced in 2 CFR 200 Appendix III Section A.1.d.	
1.3.1	1.3.1 The treatment of unallowable costs within all allocation bases and within the indirect expense pools are reallocated to Other Institutional Activities. See document, "Reviewing for Federally Defined Allowable and Unallowable Costs" issued and effective October 16, 2019, Section V.B. and VI. A through I pp. 9-12 incorporated by reference.	
1.5.0	The State of New Mexico administers the Educational Retirement Board and sets the level of the Institute's contributions at a percentage of salaries and wages.  The State of New Mexico sets equipment capitalization levels. Currently the base cost for capitalization is \$5000.

**PART II - DIRECT COSTS**

**NAME OF REPORTING UNIT**

[New Mexico Institute of Mining and Technology]

Item No.	Item description												
	<p><b>Instructions for Part II</b></p> <p>Institutions should disclose what costs are, or will be, charged directly to Federally sponsored agreements or similar cost objectives as Direct Costs. It is expected that the disclosed cost accounting practices (as defined at 48 CFR 9903.302-1) for classifying costs either as direct costs or indirect costs will be consistently applied to all costs incurred by the reporting unit.</p>												
2.1.0	<p><b><u>Criteria for Determining How Costs are Charged to Federally Sponsored Agreements or Similar Cost Objectives.</u></b> (For all major categories of cost under each major function or activity such, as instruction, organized research, other sponsored activities and other institutional activities, describe on a continuation sheet, your criteria for determining when costs incurred for the same purpose, in like circumstances, are treated either as direct costs only or as indirect costs only with respect to final cost objectives. Particular emphasis should be placed on items of cost that may be treated as either direct or indirect costs (e.g., Supplies, Materials, Salaries and Wages, Fringe Benefits, etc.) depending upon the purpose of the activity involved. Separate explanations on the criteria governing each direct cost category identified in this Part II are required. Also, list and explain if there are any deviations from the specified criteria.)</p>												
2.2.0	<p><b><u>Description of Direct Materials.</u></b> All materials and supplies directly identified with Federally sponsored agreements or similar cost objectives. (Describe on a continuation sheet the principal classes of materials which are charged as direct materials and supplies.)</p>												
2.3.0	<p><b><u>Method of Charging Direct Materials and Supplies.</u></b> (Mark the appropriate line(s) and if more than one is marked, explain on a continuation sheet.)</p>

1/ Describe on a Continuation Sheet.

<b>COST ACCOUNTING STANDARDS BOARD</b> <b>DISCLOSURE STATEMENT</b> <b>REQUIRED BY PUBLIC LAW 100-679</b> <b>EDUCATIONAL INSTITUTIONS</b>		<b>CONTINUATION SHEET</b> Part II
<b>NAME OF REPORTING UNIT</b> New Mexico Institute of Mining and Technology		
Item No.	Item description	
2.1.0	<p>New Mexico Institute of Mining and Technology (NMIMT) follows the provisions of 2 CFR 200 to charge costs to federally sponsored agreements and similar cost objectives.</p> <p>The major functions of NMIMT are Instruction, Organized Research, Other Sponsored Activities, and Other Institutional Activities. Costs charged directly to these major functions and to federally sponsored projects and similar cost objectives include, but are not limited to, salaries and wages, fringe benefits, supplies and expenses, computer costs, travel, equipment, fabricated equipment costs, building construction costs, subrecipients and consultants, student aid, meetings and conferences, rental costs, facility support, work visas, cross campus consulting, and fixed fees. The Institute's costing policy and the criteria for determining whether costs incurred for the same purpose and in like circumstances are treated as direct costs is if those costs can be specifically identified with a particular sponsored project or other major function or activity, or if those costs can be directly associated to such function or activity relatively easily with a high degree of accuracy. Additionally, all direct costs must be allowable and allocable under 2 CFR 200 and, where applicable, be a direct cost under the specific sponsored project award document. These criteria govern each cost category identified in this part.</p> <p>NMIMT may treat a certain item of cost as either direct or indirect, depending upon whether such item was incurred for the same or similar cost item and/or whether there are like or unlike circumstances involved. In compliance with 2 CFR 200, the university's policy is that identification with a specific sponsored project rather than the nature of the particular cost item involved determines whether a cost is direct or indirect. See document, "Budgeting, Pricing, and Charging Sponsored Agreements" issued and effective December 6, 2019 incorporated by reference.</p>	
2.2.0	<p>Typical materials and supplies consumed or expended in performance of sponsored agreements at NMIMT and directly identified with such agreements include, but are not limited to, the following: general supplies; laboratory supplies such as chemicals, gases and glassware; specialized shop costs; fabricated parts; specific reference materials; general supplies for meetings or conferences; computers and computer software, below the university's capitalization threshold, toner cartridges, flash drives or external hard drives if extensive data accumulation and analysis is required. See document "Budgeting, Pricing and Charging Sponsored Agreements" issued and effective December 6, 2019 Section III.D. Materials and Supplies incorporated by reference.</p>	
2.3.2	<p>The inventory costing method is based on the average cost of inventory during the period. Average cost is determined by dividing the cost of the goods available for sale by the number of units available.</p>	
2.4.0	<p><b>The personal services compensation costs that are charged as direct costs to each major function or activity of NMIMT and to sponsored agreements (when they meet the criteria described in 2.1.0) include faculty and staff, both research and technical, and graduate and undergraduate salaries and wages, with their associated fringe benefit costs. Costs for administrative and clerical staff may be charged directly under certain circumstances where a major project or activity explicitly budgets for such services and the individuals involved can be specifically identified with the project or activity.</b></p> <p>Tuition remission is available to students in degree-seeking master's or doctoral programs who are enrolled full-time and have received graduate assistantships. Eligible students are charged in-state tuition, and tuition remission levels are commensurate with the level of the assistantship appointment. Students must receive a minimum stipend level per semester, as set by The Office of Graduate Studies. Stipend levels are subject to change each year. Tuition remission covers tuition only; it does not pay university fees for which each student remains responsible. See document "Interim Student Tuition Remission Policy" effective July 1, 2023 incorporated by reference.</p> <p>Payments to individuals not considered employees of NMIMT such as consultants are handled through Purchasing and Accounts Payable as contractor (vendor) relationships.</p>	

<b>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-679 EDUCATIONAL INSTITUTIONS</b>		<b>CONTINUATION SHEET</b> Part II  <b>NAME OF REPORTING UNIT</b> New Mexico Institute of Mining and Technology
<b>Item No.</b>	<b>Item description</b>	
2.6.0	<p>2.6.0 A. EMRTC administration and all its divisions use time sheets for all employees. All other departments use time sheets for non-salaried/non-contract employees.</p> <p>2.6.0 C. After-the-fact activity records are used for all salaried and contract employees. See document "Personnel Activity Report (PAR) Instructions" issued and effective December 6, 2019 incorporated by reference.</p>	
2.6.2	<p>Various memorandum records (e.g. personnel action forms, payroll distribution forms, work authorizations, graduate contracts, and electronic and paper time sheets) are entered in detail directly into the payroll system which posts to the payroll subsidiary ledger. The summary data from the subsidiary ledger is posted to the operating ledger. These two ledgers are used to reconcile to the institution's accounting records.</p>	
2.6.0	<p>The NMIMT portion of direct fringe benefit costs include FICA and Medicare contribution, life insurance, health insurance, EAP, NM Educational Retirement Plan or Alternate Retirement Plan, workers compensation, unemployment compensation, and various leave pools, including but not limited to administrative, annual, holiday, sick and funeral leave, and tuition waivers for regular full-time employees only.</p>	
2.6.1	<p>Each fringe benefit type identified in 2.6.0 is measured by actual cost. The cost of each benefit is specifically identified to each employee and the actual expenditures are charged to individual fringe benefit account codes in the payroll system.</p> <p>The costs of all fringe benefits are assigned to the major functions and to individual projects or direct cost objectives on the cash basis.</p> <p>For non-academic units, leave is calculated on the accrual basis each pay period based on the hours actually worked. For all academic and administrative units, leave is calculated on the cash basis and is charged when taken.</p> <p>The allocation of fringe benefits are charged as direct costs to the major functions and to individual projects or cost objectives within each function.</p>	
2.7.0	<p>The principal classes of other costs charged directly to sponsored agreements or similar cost objectives include but are not limited to:</p> <ul style="list-style-type: none"> <li>Domestic and foreign travel</li> <li>Printing, publishing, reprints, page costs, copying</li> <li>Subcontracts and subawards</li> <li>Communication costs (courier and delivery services, fax, telephone long distance calls) where directly identifiable with specific cost objectives</li> <li>Maintenance and repair services if allocable exclusively to the award</li> <li>Professional fees such as consultant costs</li> <li>Capital equipment including fabricated equipment</li> <li>Freight</li> <li>Rental of space or equipment</li> <li>Service center and specialized service facility charges</li> <li>Tuition Remission</li> </ul>

<b>COST ACCOUNTING STANDARDS BOARD</b> <b>DISCLOSURE STATEMENT</b> <b>REQUIRED BY PUBLIC LAW 100-679</b> <b>EDUCATIONAL INSTITUTIONS</b>		<b>CONTINUATION SHEET</b> Part III
		<b>NAME OF REPORTING UNIT</b> New Mexico Institute of Mining and Technology
Item No.	Item description	
3.1.0 Rev	<p>The Indirect cost rate is the mechanism used to allocate a portion of NMIMT's infrastructure to research funding agencies. Operating expenditures are collected in six indirect cost pools and include costs for depreciation of buildings; depreciation of equipment; operation and maintenance (e.g. heating, cooling, electricity, janitorial services, property control, etc.); library; general administration and general expenses of departments such as purchasing, accounting, payroll, etc.; departmental administration; and sponsored projects administration. These costs are included in the facilities and administrative rate. See document "Negotiation Agreement" for current rates and document "Rate Preparation Process" Issued and effective July 1, 2020 Incorporated by reference.</p> <p>The distribution basis (2 CFR 200): The rate is applied on the basis of modified total direct costs which consists of all direct salaries and wages, applicable fringe benefits, materials and supplies, services, travel, and subawards up to the first \$25,000 of each subaward regardless of the period of performance of the subawards under the award. MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs, and the portion of each subaward in excess of \$25,000.</p> <p>NMIMT establishes rates for sponsored projects that fall under two categories: organized research and other sponsored activities. "Organized research" refers to all research and development activities of an institution that are separately budgeted and accounted for. It includes research activities supported by both federal and non-federal sponsors or internally funded. Research is defined as the systematic study directed toward fuller knowledge of the subject involved and includes rigorous inquiry, experiment, or investigation. "Other sponsored activities" refers to activities financed by both federal and non-federal agencies and organizations or by internal funds that involve performance of work other than research. Examples include non-research training agreements, sponsored instruction, course development, community service programs, Intergovernmental Personnel Act (IPA) awards and testing agreements.</p> <p>3.1.0 (a) NMIMT uses the straight-line depreciation method for indirect cost calculations. The expense is based on a full space utilization study conducted every two years (on even years) with updates made on odd years as needed.</p> <p>Single-function buildings and capital improvements or equipment used in such buildings are allocated to the benefiting function by net assignable square footage.</p> <p>Joint use of buildings, capital improvements, or equipment by more than one function are allocated to benefiting functions on the basis of net assignable square footage and the salaries and wages of those working within the benefiting functions.</p> <p>Capital improvements to land not attached to a specific building are depreciated within the facilities management organization. If attached to a building, a capital improvement to land is added to the acquisition basis of that building.</p> <p>The computation of depreciation expense is based on the acquisition cost of the asset exclusive of (1) the cost of land, (2) any portion of the cost of building and equipment borne or donated by the federal government, irrespective of where the title was originally vested or where it is presently held, and (3) any portion of the cost of buildings and equipment contributed by or for the institute where law or agreement prohibit recovery. For an asset donated to the institute by a third party, its fair market value at the time of the donation is considered as the acquisition cost.</p>

3.2.0	<p>3.2.0 (a) Scientific computer operations are not applicable as NMIMT does not have any scientific computer operations service centers.</p> <p>3.2.0 (b) Business data processing is not applicable as NMIMT does not have any data processing service centers.</p> <p>3.2.0 (c) Animal care facilities are not applicable as NMIMT does not have any animal care facilities service centers.</p> <p>NMIMT has service (recharge) centers which perform specific technical or administrative services for the benefit of both internal and external users. The codes below apply to all service (recharge) centers. All services are charged to users on the basis of usage of the services.</p> <p>(1) (2) (3) (4) (5) (6) C A C B' A B</p> <p>* Sponsored awards are charged the internal rate. External customers of a service center may not be charged a billing rate less than that charged to internal users. However, they may be charged at a higher billing rate in an effort to promote full costing and in order to not unfairly compete with private enterprise and to ensure compliance with the anti-donation clause.</p> <p>The major organizational component included in all NMIMT service center (recharge center) cost pools is main campus. The cost pool includes sub-groups such as: thermal mechanical testing, high speed imaging, electron micro-probe, XRD, EMRTC instrumentation, geoscience copy center and color plotter and vehicle service center. The elements of costs include, but are not limited to, an allocation from building depreciation, operation and maintenance, general administration and general expense, plus salaries and wages, fringe benefits, materials, supplies, services, travel and depreciation incurred on equipment assigned to the service center and not included in the F&amp;A calculation.</p> <p>3.2.0 (d) EMRTC. The major organizational components included in the EMRTC specialized service facility cost pool are main campus EMRTC building and EMRTC field testing facility. The cost pool includes sub-groups such as: safety and security, engineering, field test support, facility operations and training business unit. The elements of costs include, but are not limited to, rentals, salaries and wages, fringe benefits, materials, supplies, services, and travel. EMRTC specialized service facility does not receive an indirect allocation of depreciation, operation and maintenance or general administration and general expense. However, depreciation on buildings and equipment assigned to the specialized service facility and not included in the F&amp;A calculation are part of the specialized service facility rate.</p> <p>3.2.0 (d) Playas. The major organizational component included in the Playas specialized service facility cost pool is the town of Playas, New Mexico. The cost pool includes sub-groups such as: Playas administration, Playas operating and Playas housing. The elements of costs include, but are not limited to, rentals, salaries and wages, fringe benefits, materials, supplies, services, and travel. Playas specialized service facility does not receive an indirect allocation of depreciation, operation and maintenance or general administration and general expense. However, depreciation on buildings and equipment assigned to the specialized service facility and not included in the F&amp;A calculation may be part of the specialized service facility rate.</p> <p>3.2.0 (d) Magdalena Ridge Observatory (MRO) 2.4 Meter. The major organizational component included in the 2.4 Meter Telescope is the observatory. No other sub-groupings are contained in this cost pool. The elements of costs include, but are not limited to, rentals, salaries and wages, fringe benefits, materials, supplies, services, and travel. The 2.4 meter specialized service facility does not receive an indirect allocation of depreciation, operation and maintenance or general administration and general expense. However, depreciation on buildings and equipment assigned to the specialized service facility and not included in the F&amp;A calculation may be part of the specialized service facility rate.</p>

<b>Item No.</b>	<b>Item description</b>
3.2.0 Cont	3.2.0 Column (4), code B. Some users are charged at different rates than other users. All external users are charged the direct cost amount plus F&A to ensure that the federal government is not charged more than any other customer. On occasion, fair market value is added to the costs as to not unfairly compete with private enterprise.
3.3.0 Rev	3.3.0 C. Intergovernmental Personnel Act (IPA) rate. Allocation base is comprised of salaries and wages, fringe benefits and in certain circumstances travel that is directly charged to the award on the modified total direct cost basis. General and administrative costs, applicable departmental administration and sponsored projects administration Indirect pool costs are applied to the IPA MTDC base to determine the IPA rate.
	3.3.0 D. Other institutional activities mean all activities of an institution except: (1) Instruction, departmental research, organized research, and other sponsored activities, 2) F&A cost activities identified in 2 CFR 200 Appendix III, and 3) Specialized service facilities as described in 2 CFR 200.468.
3.4.0	Other institutional activities include operation of residence halls, dining halls, hospitals and clinics, student unions intercollegiate athletics, bookstores, faculty housing, student apartments, guest houses, chapels, theaters, public museums, and other similar auxiliary enterprises. This definition also includes any other categories of activities, the costs of which are "unallowable" to sponsored agreements unless otherwise indicated in the agreement.
	3.1.0 (a) The major organizational component included in the building depreciation cost pool is main campus. The cost pool contains the calculated depreciation expenses for the following sub-groupings: buildings, infrastructure and capital improvements to land. Capital improvements to land not assigned to a particular building are attached to the facilities management organization and allocated to the operation and maintenance cost function. The elements of cost for all sub-groupings are the acquisition cost of \$100,000 or greater depreciated on a straight-line basis over a thirty year period.
	The major organizational component included in the equipment depreciation cost pool is main campus. The cost pool contains calculated depreciation expenses for the following sub-groupings; computers having a 3 year useful life, equipment having a 5 year useful life, vehicles having a 7 year useful life, heavy equipment having a 12 year useful life. The elements of cost are the acquisition cost of \$5,000 or greater depreciated on a straight-line basis over the useful life of the asset.
	The major organizational component included in the equipment/computer software depreciation cost pool is main campus. The cost pool contains calculated depreciation expenses for the following sub-groupings; minor software with a useful life of 5 years and major software with a useful life of 10 years. The elements of cost are the acquisition cost of \$5,000 to \$49,999 for minor software and \$50,000 or greater for major software depreciated on a straight-line basis over the useful life of the asset.
	The interest cost pool is not applicable. At this time, NMIMT does not claim interest expenditures in the F&A rate proposal.

4.3.0	<p>At the time of disposition of a depreciable asset, the value of the item and all associated accumulated depreciation is removed from the Investment in Plant fund with the gain/loss recorded in the Investment in Plant fund gain/(loss) account. All proceeds from the sale of an asset are also deposited into the gain/(loss) account.</p>																
4.4.0	<p>1. Land is capitalized in the Institute's financial records at cost.</p> <p>2. Buildings, building improvements, including fixed equipment (other than communications and network equipment), infrastructure assets, and land improvements over \$100,000 (whether constructed or purchased) are capitalized in the Institute's financial reports at cost and depreciated for 30 years. Donated assets are capitalized at fair market value at date of acquisition based on a reasonable market study.</p> <p>3) Computers over \$5,000 are capitalized and depreciated over 3 years.</p> <p>4) Vehicles over \$5,000 are capitalized and depreciated over 7 years.</p> <p>5) Heavy equipment over \$5,000 is capitalized and depreciated over 12 years.</p> <p>6) Library books with a combined total of \$5,000 are capitalized and depreciated over 10 years.</p> <p>7) Software costing \$5,000 up to \$49,999 capitalized over 5 years.</p> <p>8) Software costing \$50,000 or above is capitalized over 10 years.</p> <p>9) Leases greater than 12 months with a present value of \$5,000 or greater.</p> <p>10) Subscription Based Information Technology Agreements (SBITA) greater than 12 months with a present value of \$5,000 or greater.</p> <p>See Document, "Interim Capital Assets Policy approved June 5, 2023 Incorporated by reference</p>																
4.5.0	<p>Although the unit price of a typical general library collection volume is less than the NMT capitalization threshold, the total cost of the entire general library collection far exceeds the threshold. Therefore, all additions to the library general collections are capitalized regardless of amount and depreciated over ten years.</p>

Item No.	Item description
5.1.0	<p>Currently vacation, sick and holiday costs are calculated based on employee class.</p> <p>Main Campus hourly or salaried employees have their leave costs charged on the cash basis. Those on the cash basis charge as leave is taken. The minimum required to cover sick leave buyback during the course of employment as well as sick and vacation leave buyout upon separation is accrued as prescribed by NMT policy.</p> <p>Non-academic hourly or salaried employees have their leave costs charged on the accrual basis. Those on the accrual basis charge as leave is earned. An amount considered sufficient to cover all potential leave costs during the fiscal year plus the minimum required to cover sick leave buyback during the course of employment as well as sick and vacation leave buyout upon separation is accrued as prescribed by NMT policy.</p> <p>Faculty and student employees do not receive vacation, sick or holiday pay.</p> <p>Sabbatical leave is not provided by NMT.</p>

<b>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-478 EDUCATIONAL INSTITUTIONS</b>		<b>PART VI - DEFERRED COMPENSATION AND INSURANCE COSTS</b>
		<b>NAME OF REPORTING UNIT</b> New Mexico Institute of Mining
<b>Item No.</b>	<b>Item description</b>	
	<b>Instructions for Part VI</b> <p>This part covers the measurement and assignment of costs for employee pensions, post retirement benefits other than pensions (including post retirement health benefits) and insurance. Some organizations may incur all of these costs at the main campus level or for public institutions at the governmental unit level, while others may incur them at subordinate organization levels. Still others may incur a portion of these costs at the main campus level and the balance at subordinate organization levels.</p> <p>Where the segment (reporting unit) does not directly incur such costs, the segment should, on a continuation sheet, identify the organizational entity that incurs and records such costs. When the costs allocated to Federally sponsored agreements are material, and the reporting unit does not have access to the information needed to complete an item, the reporting unit should require that entity to complete the applicable portions of this Part VI. (See Item 4, page ii, General Instructions.)</p>	
6.1.0	<u>Pension Plans.</u>	
6.1.1	<b>Defined-Contributed Pension Plans.</b> Identify the types and number of pension plans whose costs are charged to Federally sponsored agreements. (Mark applicable lines) and enter number of plans.	
	<u>Type of Plan</u>	<u>Number of Plans</u>
A. <input checked="" type="checkbox"/>	Institution employees participate in State/Local Government Retirement Plan(s)	1
B. <input checked="" type="checkbox"/>	Institution uses TIAA/CREF plan or other defined contribution plan that is managed by an organization not affiliated with the institution	2
C. <input type="checkbox"/>	Institution has its own Defined- Contribution Plan(s) 1/	
6.1.2	<b>Defined-Benefit Pension Plan.</b> (For each defined-benefit plan (other than plans that are part of a State or Local government pension plan) describe on a continuation sheet the actuarial cost method, the asset valuation method, the criteria for changing actuarial assumptions and computations, the amortization periods for prior service costs, the amortization periods for actuarial gains and losses, and the funding policy.)

		<b>NAME OF REPORTING UNIT</b> New Mexico Institute of Mining and Technology
Item No.	Item description	
6.1.1	6.1.1 A. The State of New Mexico's Educational Retirement Board Plan is a defined benefit pension plan versus defined-contribution pension plan as stated in 6.1.1.	
6.1.2	On July 1, 1991 the New Mexico Alternative Retirement Plan (ARP) was created. TIAA/CREF and Fidelity are part of this plan and are therefore considered to be part of the State pension plan. The ARP is administered by the State. Authority: Article II, Section 22, NMSA, 1978 as amended, passed by the 1991 New Mexico Legislature.	
6.2.0	Revised to eliminate previously submitted comments.	
6.2.1	No PRB costs are charged to any sponsored agreements.	
6.4.2	All liability coverage is provided by the State of New Mexico's Risk Management plan. However, in the event one of the Institute's research or other sponsored activities funding agencies requires insurance in addition to the coverage which is offered by Risk Management, it is the Institute's practice to price the additional coverage and, with agency approval, charge the related premium to the benefiting agreement as a direct cost.

VI - 4

<b>COST ACCOUNTING STANDARDS BOARD DISCLOSURE STATEMENT REQUIRED BY PUBLIC LAW 100-678 EDUCATIONAL INSTITUTIONS</b>		<b>PART VII - CENTRAL SYSTEM OR GROUP EXPENSES</b> <b>NAME OF REPORTING UNIT</b> <u>New Mexico Institute of Mining and</u>
<b>Item No.</b>	<b>Item description</b>	
	<b>DISCLOSURE BY CENTRAL SYSTEM OFFICE, OR GROUP (INTERMEDIATE ADMINISTRATION) OFFICE, AS APPLICABLE.</b>	
	<b>Instructions for Part VII</b> <p>This part should be completed <u>only</u> by the central system office or a group office of an educational system when that office is responsible for administering two or more segments, where it allocates its costs to such segments and where at least one of the segments is required to file Parts I through VI of the Disclosure Statement.</p> <p>The reporting unit (central system or group office) should disclose how costs of services provided by the reporting unit are, or will be, accumulated and allocated to applicable segments of the institution. For a central system office, disclosure should cover the entire institution. For a group office, disclosure should cover all of the subordinate organizations administered by that group office.</p>	
<b>7.1.0</b>	<u>Organizational Structure:</u> <p>On a continuation sheet, list all segments of the university or university system, including hospitals, Federally Funded Research and Development Centers (FFRDC's), Government-owned Contractor-operated (GOCO) facilities, and lower-tier group offices serviced by the reporting unit.</p>	
<b>7.2.0</b>	<u>Cost Accumulation and Allocation:</u> <p>On a continuation sheet, provide a description of:</p> <ol style="list-style-type: none"> <li>A. The services provided to segments of the university or university system (including hospitals, FFRDC's, GOCO facilities, etc.), in brief.</li> <li>B. How the costs of the services are identified and accumulated.</li> <li>C. The basis used to allocate the accumulated costs to the benefitting segments.</li> <li>D. Any costs that are transferred from a segment to the central system office or the intermediate administrative office, and which are reallocated to another segment(s). If none, so state.</li> <li>E. Any fixed management fees that are charged to a segment(s) in lieu of a prorata allocation basis and the basis of such charges. If none, so state.</li> </ol>
