

**Students: Please take the time to carefully read the information provided in this guide.**

It will help you understand and complete the Room Selection process. Current Tech students who live on campus and want to live on campus next year have the privilege of selecting a room for 2022-2023 before any other students are assigned.

We will host information sessions on March 2nd, 7th, and 8th. Times and locations to be announced soon. If we can be of further assistance, please contact us at the Residential Life Office on the 2<sup>nd</sup> floor of Fidel.

**There are several changes to the housing distribution and selection process for Fall 2022**

- In the Residence Halls the only singles available will be for those with documented medical need. Students requesting housing or meal plan accommodations must update their paperwork with the Office of Counseling & Disabilities by March 1, 2022 to guarantee accommodation through the room selection process. Accommodations received after this date will be honored as space permits.
- We will be filling all double rooms including Baca as doubles mediation
- We are separating housing zone by year
  - ⇒ First Year Zone: Torres, Presidents, 2nd floor Driscoll, and 1/2 of Baca (if needed)
  - ⇒ Second Year Zone: South, 1/2 of Baca, and 1st floor Driscoll
  - ⇒ Third and Fourth year Zones: Alta and remaining residence hall spaces not filled with second years in Baca and South
  - ⇒ Graduate Student housing will be in Mountain Springs and Desert Willow (separate application process)
  - ⇒ Family housing will be in Mountain Springs. (separate application process)
- Due to the significant changes as to who is eligible for Alta, there will be no same room sign up process. You will not be able to guarantee yourself the same apartment you are in now.
- Queer Affinity Space (formally Gender Inclusive spaces) is an inclusive queer and transgender student community in South Hall. The Queer Affinity Space is open to any students who identify with the lesbian, gay, bisexual, pansexual, transgender, queer, Two Spirit, intersex, and asexual (or LGBTQIA+) community. Students in this space are able to explore and express their whole selves, including their gender identities, expressions, and sexuality in a safe and affirming environment.

### Key Terminology

**Proxy:** Students who have class conflicts may assign their card to a friend who can bring that card to our office to select a room for them by “proxy.” Please note in the room selection timeline below, an authorized proxy will always be allowed to substitute for any resident, *i.e.* “*must come together*” means *in person or by proxy*. This form can be found on the Residential Life website.

**Lottery Number:** The number assigned to each student to determine selection order. Received via email after application submission. Priority begins with the lowest number. This number is based on your class/ years on campus and a random draw of order. Completing the Housing Survey will increase your odds for a lower number. Rooms and Alta are selected as groups. Each group number will be an average of all lottery numbers of the members of the group.

**Housing Preference Form:** An online form that will be emailed to students once they submit a housing application in order to tell our office what year you are and who you wish you live with.

**Housing Accommodations:** Students requesting housing or meal plan accommodations must update their paperwork with the Office of Counseling & Disabilities by March 1, 2022 to guarantee accommodation through the room selection process. Accommodations received after this date will be honored as space permits.
