- **PAS Bill**

- Requesting a season Partnership with a funding request of \$20,000 in exchange for many free tickets to events hosted by the PAS
- The senators asked questions of the representatives of the NMT Performing Arts Series
 - 150 tickets reserved for tech students
 - Events that provide alcoholic beverages are still student-friendly with mocktails.
 - This money will cover the Fall and Spring Semesters
- Senator Cordova builds on Lilah's suggestions with a \$13,000 budget with the exception of gaining data on what students are actually going to these shows
- Discussion on awarding \$16,000 to avoid potential backlash from the PAS due to their relationship with the SGA in recent months.
 - The room is concerned with upsetting the PAS with a lower-than-expected budget
 - Concerns of free tickets being cut from popular events out of antagonism
- There is currently about \$225,000 in the carry it forward fund
- The PAS seems to have already spent the money that they are requesting from the SGA and have already began displaying our logo at their events although we have yet to provide any funding for this year
- Senator Cordova suggests that we fund them with the condition of keeping student tickets accessible so that there will be no confusion on students' rights to tickets later.
- Senator Quansah suggests that we also suggest to the PAS to submit these bills sooner so we can get the information we need to award them accordingly
- It is worth noting that the first thing to go from the PAS is if their budget is cut is most likely student workers and student resources
- The PAS seem to not be very good listeners based on previous actions
- Motion to approve the full amount
 - Motion Denied
- Motion to approve \$15,000 with conditions above
 - Motion Failed

- Motion to approve half and suggest they can ask for the other half later
 - Motion Failed

- Senator Kurkjan suggests we approve 16,000 - 17,000 with the conditions listed below
 - Student Tickets will still be free
 - Can apply for \$3,000 with the presentation of analytics about the undergraduate classes' attendance to events
 - We will not fund bills in the future coming from the SAB
